# REPORT OF THE HIGH SECRETARY-TREASURER,

FOR THE YEAR ENDING DECEMBER 31, 1899.

---

*To the Representatives of the Massachusetts Catholic Order of  
Foresters in Annual Convention Assembled, April 25, 1900.*

*Representatives :*

It is with satisfaction I present for your consideration the following report of the work performed by the High Standing Committee during the year 1899.

The High Standing Committee have held during the year regular weekly meetings, at which all matters pertaining to the welfare of the Order were carefully considered, discussed and such disposition as was for the interest of the general body given, earnestly praying that the disposition made was the best that could be devised. The Committee, in addition, have also held ten extra sessions, and have been incessantly active in visiting the various Courts in the different sections of the Commonwealth, giving hearings, holding public meetings and advancing the work of the Order by strengthening the love of its members and imbuing all with the spirit of true Charity and affection.

It is with pleasure that we bear our kindest testimony to our fellow members for the universal kindness and courtesy extended on every occasion which will linger with the most pleasant memories of our labors in the Massachusetts Catholic Order of Foresters.

## NEW COURTS.

It has been the pleasant duty during the year 1899 to organize and put in communion with our great body the several new Courts, numbered and named as follows:

Father Stack Court No. 162, Watertown, instituted April 23rd, 24 charter members, average age 33 years.

Sancta Marie Court No. 163, Everett, instituted July 27th, 26 charter members, average age 32 years.

St. Eulalia Court No. 164, New Bedford, instituted August 9th, 18 charter members, average age 24 years.

Lady of Victory Court No. 165, Fall River, instituted November 28th, 14 charter members, average age 34 years, 6 months.

St. Agatha Court No. 166, Sandwich, instituted December 3rd, 15 charter members, average age 32 years.

Five Courts being completed and nine under way, six of which have been organized during the month of February of this year, making eleven Courts instituted.

Since January 1st, 1900, we have organized the following Courts:

Pinehurst Court No. 167, Fitchburg, instituted February 5th, 30 charter members, average age 35 years, 6 months.

Wachusett Court No. 168, Leominster, instituted February 5th, 13 charter members, average age 36 years, 2 months.

Charity Court No. 169, Milford, instituted February 8th, 30 charter members, average age 30 years, 1 month.

Westford Court No. 170, Graniteville, instituted February 10th, 15 charter members, average age 36 years, 8 months.

Wannalancet Court No. 171, North Chelmsford, instituted February 10th, 17 charter members, average age 33 years, 6 months.

St. Ambrose Court No. 172, West Quincy, instituted February 23rd, 16 charter members, average age 31 years, 8 months.

The average age being 32 years and a small fraction.

## DEATH CLAIMS.

The total number of deaths reported during the year 1899 were 138. The number brought over from 1898 was 1, making a total of 139 deaths, of which number 126 were paid leaving the year 1900 to take care of 13, with a record of 8 Mortuary Calls for the year 1899. No Mortuary Call being issued by the High Standing Committee from Call No. 161, issued October 2, until Call No. 162 was sent out January 1, 1900, a period of three months is a record to be proud of throughout the Order. The Call now outstanding and due will yield sufficient to take care of more than all the deaths reported to the High Standing Committee.

## AVERAGE AGE OF THE ORDER.

The average age of the Order as reported by the Courts on page 16 will show the character of the risks taken by the High Standing Committee. We cannot refrain from urging our members to ascertain to a certainty the correct age of the applicant for membership. Too much importance cannot be attached to procuring the true age of all who seek admission.

Our Order is a most desirable Organization to be connected with, and as such, tempts misrepresentation on the question of age frequently, and forces the High Standing Committee to a great deal of labor in procuring from Town clerks proof of the ages given in the applications. Let our endeavor be to keep the average age at a figure below 35 years and the great result will be less assessments and the strengthening of the Order in the great work it is engaged in.

By computation made and returned to the Main Office from 153 Courts, the average age figures out the sum of 38 years, 8 months, 23 days. Let us endeavor during the present year to reduce this figure by our additions being among those whose age will be the main stay in accomplishing so desirable a result.

## MORTUARY CALLS.

The small number of Calls issued during the year 1899 speaks volumes of praise for our Organization. The number being but eight, comprising Nos. 154, 155, 156, 157, 158, 159, 160 and 161. We can with justice congratulate our Order on such a splendid showing in the twentieth year of our existence.

## MEMBERSHIP.

The growth of the Organization during the year just ended, is a source of satisfaction to the membership. The total number of applications received being 1,748 of which 1,359 were accepted and 389 refused.

## CONCLUSION.

The condition of the Order is such that the well wishers of the Organization cannot but rejoice in its growing prosperity. Let all continue their Labor of Love and bring within our fold the youth and strength of our people, thereby making our Order a tower of protection to all connected with it, and in the end merit the blessings of a Loving God.

Respectfully submitted,

JAMES J. McLAUGHLIN.

## Address of High Chief Ranger

### THOMAS F. DOHERTY.

---

In accordance with the usual custom, I submit the following report.

During the year the High Standing Committee has held sixty regular meetings, has visited a large number of local courts of the Order, inasmuch as they attracted a large number of people who were not members and this afforded an opportunity of making known the benefits and blessings of membership in our Organization. From one of these public meetings alone, in which nine Courts were interested, over one hundred applications for membership have been received.

A number of new courts have been organized and instituted during the year and others are now in process of organization.

The High Standing Committee are especially gratified with the work accomplished in the cities of Fall River and Fitchburg where two new Courts have been instituted, the first the Order has had in either City. The seed in these cases has been sown in fertile fields and we look with confidence for fruitful results.

The following is a list of new Courts instituted since the last Convention :

Sancta Maria Court No. 163, Everett, instituted July 27, 1899.

St. Eulalia Court No. 164, New Bedford, instituted August 9th.

Lady of Victory Court No. 165, Fall River, instituted November 28th.

St. Agatha Court No. 166, Sandwich, instituted December 3rd.

Pinehurst Court No. 167, Fitchburg, instituted February 5, 1900.

Wachusett Court No. 168, Leominster, instituted February 5th.

Charity Court No. 169, Milford, instituted February 8th.

Westford Court No. 170, Graniteville, instituted February 10th.

Wannalancet Court No. 171, North Chelmsford, instituted February 10th.

St. Ambrose Court No. 172, West Quincy, instituted February 23rd.

Owen A. Galvin Court No. 173, Charlestown, instituted April 17th,

St. Winnifred Court No. 174, Chelsea, instituted April 17th.

Star of the Sea Court No. 175, Marblehead, instituted April 22nd.

While the above list is very gratifying we had hoped it would be larger. Not all our efforts in this direction have been successful owing to hostile influence in some localities.

There have been during the year 2034 applications for membership, 1568 have been accepted and 449 rejected. 152 Courts have increased their membership while 12 have not. The banner Court of the Order in membership is Iona Court No. 10 of Malden, with a membership of 258; the largest increase of membership during the past year has been in Lepanto Court No. 142 of Malden, they having had 67 new applications.

The membership for the past ten years was:—

April 1, 1890, - - - 4,450.	April 1, 1895, - - - 7,667.
April 1, 1891, - - - 4,875.	April 1, 1896, - - - 8,800.
April 1, 1892, - - - 5,400.	April 1, 1897, - - - 10,492.
April 1, 1893, - - - 6,314.	April 1, 1898, - - - 12,175.
April 1, 1894, - - - 6,800.	April 1, 1899, - - - 13,185.
April 1, 1900, - - - - 14,700.	

The admission of women to our Order is no longer an experiment, but I consider it one of the wisest steps ever taken by the Massachusetts Catholic Order of Foresters. There are 44 Courts composed entirely of women and 43 Courts in which they are associated with the men. There are 3,431 women in the Order and since their admission there has been fifty deaths. A little figuring will demonstrate that from a business as well as a social standpoint we were very wise in our day and generation in opening the doors to the women.]

The number of deaths since the last Convention have been 119, and the amount paid out \$123,000.00. The entire number of deaths since the organization of the Order is 1,243.

A strict medical examination and a proper care for the rules in other respects have made the percentage of rejections large, and although it may be unpleasant for those who fail in the necessary requirements for membership, the Order must be safeguarded and its reputation established in the community, by doing business on safe principles.

The assessments during the last financial year, (January 1, 1899 to January 1, 1900) were EIGHT, and it is a question if there is another Fraternal Organization in Massachusetts that has had a similiar experience.

The continual up-building of the Order, together with a strict scrutiny of all applicants, will keep the assessments down, whilst a lack of growth or a want of adherence to the rules that govern the admission of members at the present time, will mean an increase in the number of assessments, such as other neighboring Fraternal Orders have experienced.

At the last Convention the Owen A. Galvin Memorial was referred to the High Standing Committee with power to act, and at the suggestion of the High Court Chaplain, Rev. James H. O'Neil, it was decided to ask the Courts for a voluntary subscription, in the endeavor to raise the sum of FIVE THOUSAND DOLLARS to endow a scholarship in the Brighton Seminary, for the education of Foresters or their sons who may be called to the Priesthood. Every Court in the Order has been invited to contribute, and many generously responded.

We were not unmindful of the fact that our beloved Archbishop is deeply interested in the Seminary and has been a good friend of the Massachusetts Catholic Order of Foresters.

The scholarship shall be known as the Massachusetts Catholic Order of Foresters Scholarship, in Memory of the Late Hon. Owen A. Galvin. 111 Courts have subscribed \$3,899.00, and the sum will be presented to his Grace, the Archbishop, at to-night's meeting, with the hope that all the Courts will be counted among

the subscribers within a short time, so that the full sum may be paid to make this a Perpetual Memorial.

The Reserve Fund is now \$66,588.90 and it is estimated that in three years it will be \$100,000.00.

A Committee has been giving attention to a revision of the Ritual, and will report the result of their efforts to the Convention.

The Finance Committee have examined the books during the past year and will give result of their labors. I would recommend that an expert examination of all books and papers be had at stated periods, say for instance, once in every two years, or whenever a change of the Financial Officer should take place.

The Deputy High Chief Rangers have done good work during the year and it is hoped they will continue. No person should accept the position unless they are determined to do their full duty. Deputies can exert a good influence over the Courts to which they are assigned, and a failure to do their duty is an injury to the Order.

I recommend that the Bond of every Financial Officer in the Order be placed in a Surety Company of good standing.

The labors of the High Standing Committee have increased with the growth of the Order and I suggest that some steps be taken to lighten their burden if possible. It will be a serious question in the future as to whether men can be found who will give the time and energy which the position requires.

And now, my friends, after four years of service on the High Standing Committee, I shall return to the ranks. I have seen the Order grow in these four years from 8,600 member to 14,700 or nearly 6,000 and 46 new Courts.

It is a source of gratification and much pleasure to me that I had an humble part in its prosperity. I wish to testify to the perfect harmony that has existed in the Committee during these four years.

To my colleagues of the past year, I have only words of love and praise; they have been self-sacrificing and ever ready to give their time and efforts for good of our beloved Order.

To you, my Brothers and Sisters, and through you to the Courts you represent, I give my best wishes, your reward and mine will be to see the Order grow and prosper. God grant that it may.

THOMAS F. DOHERTY,

*High Chief Ranger.*

April 25, 1900.

A motion was made that we proceed to the election of officers immediately after dinner, a motion to amend and hold election the last business of the convention, and the amendment upon a vote being taken was defeated. The motion was put and it was voted to proceed to the election of officers immediately after dinner.

The High Chief Ranger then called for the report of the High Medical Examiner, Francis J. McQueeney, which was as follows:—

## Report of High Medical Examiner,

Dr. FRANCIS J. McQUEENEY.

---

### Representatives:—

In pursuance of the custom inaugurated last year of presenting to the convention a resume of the work of the Medical Department of our Order, I have the honor to submit my report for 1899.

Our list of Examiners in the previous years comprised 86 Physicians, in April of 1899 we advanced the number to 93.

Through the occurrence of four vacancies, two due to removal from the State and two by resignation, Dr. Franklin L. Warren was appointed to Bridgewater and the remaining vacancies filled by the selection of Dr. J. J. Mahoney at Adams and Dr. John T. Duggan at Worcester.

The formation of new Courts in localities inconvenient for the regular Examiner, required the additional appointments of Drs. Ellen R. Canney in New Bedford, John P. Treanor in Fall River, Robert Faunce in Sandwich, Herbert H. Lyons in Fitchburg, John E. Walsh in Leominster, Daniel J. Sullivan in Milford, Joseph R. Draper of Westford for the Granitville Court and Thomas F. Harrington of Lowell for the North Chelmsford Court.

The High Standing Committee bearing the fact in mind that the greater the number of applicants sent a Physician, renders the position of Medical Examiner to our Order more valuable as well as desirable, have avoided adding to our corps, preferring to increase the work of its present Doctors. This practice has certainly improved the quality of our examination papers, and also afforded our Examiners proper remuneration.

During the year we have paid 126 Death Claims, 5 less than 1898. The greatest number of deaths, as usual, have been due

to Consumption, thirty-nine (39) being from this cause, seventeen (17) deaths occurred from Disease of the Heart, Kidney Disease caused thirteen (13) deaths, twelve (12) deaths were from Pneumonia, Disease of the Brain and Abdomen were twelve (12) each, seven (7) deaths were Accidental, four (4) deaths caused by Disease of the Liver. Cancer occasioned the loss of three (3) members, and the remaining eight (8) were due to a variety of causes.

We had 216 rejections during the eight months of 1898, this year we refused 398 applicants, the ratio of both years being nearly alike.

The reasons for the rejections of this number were as follows:—

- 2 refused to be Vaccinated.
- 6 were suffering from nervous affections.
- 10 had Hernia.
- 12 were postponed till 30 years of age.
- 12 suffered from Diabetes.
- 14 bad family history.
- 16 refused to give Information.
- 27 were of Alcoholic Habits.
- 28 Disease of the Kidneys.
- 36 Disease of the Heart.
- 40 were under or over weight.
- 42 had Diseases of the Lungs.
- 43 were in Poor Physical Condition.
- 61 were beyond the Age Limit.
- 13 from Miscellaneous Causes.
- 11 were rejected by the Investigation Committee of the Courts.

This latter cause is one to be encouraged, its development among the Courts through the secret report of the Committee affords our Order protection that no other method possesses.

The deterrent effect of our refusal to accept applicants without thorough inquiry for the correction of their age has resulted in decreasing the number rejected for that cause. In the eight months of 1898, 62 were declined, and only 61 during last year. A somewhat similiar improvement is apparent in the memory of candidates regarding their family history and the cause of death among their relations.

By many of the proposers of new members our careful scrutiny has been harshly as well as unjustly criticised; we believe however that after the annoyance wears off that a rejection occasions, the conduct of our work in the interest of our Order will be better understood.

Rejections are no less disagreeable to the High Standing Committee than they are irritating to the friends of the applicants; of that, our members may be assured.

At the Annual Dinner tendered the Corps of Medical Examiners, we had invited as guests the Medical Directors of the American Legion of Honor, the Royal Arcanum, the American Order of United Workmen and the Brigade Director of the State Militia, Dr. Devine.

The opportunity afforded our Committee at these Annual gatherings of meeting our Examiners upon whom our Order is dependent in so great a degree, is as valuable as it is necessary in the best interest of our Organization.

Personally apart from the inevitable criticism bestowed upon a Medical Director, the year has been a laborious but also a pleasant one in my relations toward the members of my profession.

Some thirty-eight special examinations to clear up doubtful risks were made by me during the year at my office.

The deep interest taken by our Examiners in the Medical work of our Society is agreeable compensation for the large and increasing correspondence entailed upon me.

In conclusion Ladies and Gentlemen of the Twenty-first Annual Convention, allow me to express my thorough appreciation of the devotion and loyalty of my colleagues of the High Standing Committee to the principles involved in the maintenance of the highest possible standard in the insurance work of our Society.

Notwithstanding the injudicious protests of Courts in not appointing their favorite Physician to our Medical Corps, your Committee have had but one object in view, namely, the good of the Order and the protection of its membership.

You have honored me in the past two years by my election as High Medical Examiner, during that period I have neither urged nor suggested the appointment of a personal friend.

In common with the gentlemen of the High Standing Committee I have had but one ambition, the selection of honest competent and fearless Medical Examiners, that the Massachusetts Catholic Order of Foresters may live to continue in its career of perpetuating and maintaining the principles of Unity, Fraternity True Christian Charity.

FRANCIS J. McQUEENEY,

*High Medical Examiner.*

Boston, April 25, 1900.

Meeting called to order at 2.55, P. M., by High Chief Ranger Thomas F. Doherty.

Bro. Lanigan of Cathedral Court No. 1, moved that the Committee's report on Amendment No. 2 be accepted. Bro. Tighe opposed the acceptance. Bro. Grady of 48 hoped the report of Committee would be accepted. Bro. Long favored the report of the Committee. Bro. Doody of 57 hoped that report of the Committee would not be accepted. The High Chief Ranger stated that the Election of Officers was in order and called for nominations for High Chief Ranger. Bro. Hayes of Springfield arose, and in a happy moment and an eloquent manner presented for the high office of High Chief Ranger the honored name of B. R. Doody, the present High Vice Chief Ranger. Bro. J. J. Leonard was placed in nomination. Bro. Leonard arose and withdrew his name, and said he considered Bro. McLaughlin the proper person for the position of High Secretary-Treasurer, and he moved that the High Chief Ranger cast one ballot for Bro. McLaughlin for High Secretary-Treasurer, which motion was carried and the Chair declared James J. McLaughlin elected High Secretary-Treasurer for the ensuing year.

High Chief Ranger Doherty called for nominations for the position of High Senior Conductor, and Bro. McGlew of Essex Court No. 16 nominated Bro. T. B. Reardon for the office. Bro. On motion of Bro. McGlew of Essex Court No. 16, the High Secretary-Treasurer was instructed to cast one ballot for Bro. T. B. Reardon for the position of High Junior Conductor, which duty he performed, and the High Chief Ranger declared Bro. Reardon elected High Junior Conductor.

On ballot William E. Shay was elected as a member of the Board of Trustees, in place of Daniel A. Cronin who was elected High Vice Chief Ranger.

Patrick F. Burke was elected to succeed himself as Trustee for the incoming three years, after which the High Court adjourned for Supper and to attend the presentation of the Scholarship to His Grace, Archbishop Williams, which took place in Boston College Hall, and on which occasion the Rev. James H. O'Neil, High Court Chaplain, upon being introduced by High Chief Ranger Doherty, presented to His Grace the money necessary for the endowment of a permanent Scholarship from the Massachusetts Catholic Order of Foresters in Brighton Seminary, in honor of the memory of the late Hon. Owen A. Galvin.

His Grace replied, accepting the gift, and spoke in favor of the spirit displayed and in commendation of the good work of the Order.

His Honor Mayor Hart of Boston was then presented as "Our Guest" and he spoke flatteringly of the Order and of the work it was doing which he hoped would continue through all time as one worthy of praise. He paid a handsome tribute to His Grace for the grand work he was engaged in, and hoped that many days would be spared him to remain one of Boston's most esteemed and worthy citizens.

During the evening Orchestral Selections were rendered by J. Fred O'Connor's Orchestra, also Vocal Selections by Mr. Thomas E. Clifford and Miss Ellen McLaughlin.

EXERCISES AND PRESENTATION  
OF THE  
SCHOLARSHIP IN BRIGHTON SEMINARY  
TO  
His Grace, Archbishop JOHN J. WILLIAMS.

---

Evening Meeting, Boston College Hall, Wednesday, April 25, 1900.

---

Boston College Hall was well filled with Foresters and the meeting was called to order by High Chief Ranger Thomas F. Doherty, at 8.15, who stated in his speech that the occasion was a marked one in the history of the Order and it was a very great pleasure to extend a cordial welcome to his Grace, the Rev. Archbishop John J. Williams, of Boston, and in behalf of the Foresters of Massachusetts he confidently assured him that the occasion was one of the brightest in the history of the Order and particularly so by having him as the guest of the evening.

Musical selections by J. Fred O'Connor's Orchestra and a vocal selection by Thomas E. Clifford followed, after which High Chief Ranger Thomas F. Doherty presented Rev. James H. O'Neil of Rockland, High Court Chaplain, who delivered in a masterly manner the following address :

## ADDRESS OF

REV. JAMES H. O'NEIL.

Most Reverend and Dearly Beloved Archbishop :

The responsibility of fitly representing fifteen thousand members of the Massachusetts Catholic Order of Foresters is so great that I might shrink from it were it not that my confidence in your kind forbearance and the charitable judgment of my fellow priests and brother Foresters urge it upon me. It is with this feeling that I have accepted this honor.

Twenty-one years ago the first Court of the Massachusetts Catholic Order of Foresters was formed in your own Cathedral parish. From that time to the present moment, its history has been an open and familiar story to you. Its Constitution and By-Laws; the Society's Ritual and Methods; its every effort in the furtherance of Friendship, Unity and Christian Charity: everything has been submitted to your Grace's Episcopal consideration, and it is our highest honor and proudest boast that what has been accomplished has met with your approbation, and that never for an instant have our mutual relations departed one hairs-breadth from those of the truthful and obedient child towards the kindest and most considerate of fathers.

Indeed to this happy unity, far more than to any machinery of organization we freely acknowledge that the great results which have crowned the Society's efforts are due.

Such being our sentiments and belief, it need not be wondered at, if we could discover no more acceptable means of perpetuating the memory of one who was a faithful Catholic and a most devoted Forester than by seeking to further, in our own poor way, the work that of all works has crowned your years. The Seminary of St. John's at Brighton.

Only God knows how your administration has enriched the Catholic life of Boston and all the State of Massachusetts. Societies, hospitals, orphan asylums, homes for the old, reformatories for the wayward, churches, schools, a thousand things for the elevation and education of your people, your Apostolic interest and fostering care have made first possible and then actual. But the foundation and completion of any one or all of these, their Alpha and Omega, is the Sacred Ministry.

The good priest and the thoroughly equipped priest; here is at once the support of the wall and the key-stone to the arch, and the good priest and the well equipped priest means and necessitates the well supplied and generously endowed Seminary. To bring to pass such an institution you have known no limit to your labor and your sacrifice; a labor and a sacrifice that have fired those privileged to secure God's Altar, and have encouraged your faithful people to work with might and main for this grand end.

Thanks be to God, a main part of the glorious purpose has been realized.

In Brighton there stands the Seminary of St. John; within its walls the young levites are receiving daily their wisdom and that holiness which fit them for the holy work awaiting them in the vineyard of God. There remains but one thing to perfect this institution; it must be fittingly endowed. To this end, your Grace, your Forester children bring you to-night a little offering indeed, but as the widow's mite compared to that which yet must be, withal, like hers, it is our act of fealty, gratitude and faith, and as such we know your love will value it.

May God round out to the full your hope for the Seminary, and may God bless us with your valued guidance for many and many a year yet to be.

Orchestral selections then followed, and a vocal selection by Miss Ellen McLaughlin,

High Chief Ranger Col. Doherty in a happy manner introduced his Grace, Archbishop John J. Williams, who accepted the Scholarship and replied in the following words :

ADDRESS OF  
ARCHBISHOP JOHN J. WILLIAMS.

---

"The Organization" he said "I am proud of, for it is one that is a friend to those who need a friend most, and its friendship is shown when friendship is most needed."

"I am happy to think that the members took upon themselves an extra assessment to found a Scholarship at Brighton Seminary."

"Those" he said "who will be benefited by this act of the Order years hence, will go forth into the world, never forgetting the personal sacrifice of the members of the present day, to whom they will owe their education for the Catholic Priesthood."

He expressed the hope that the day would come when the fond hopes of the High Chief Ranger would be realized and that there will be at least one hundred thousand members gathered together for one common cause, Unity, Fraternity and True Christian Charity.

Selections by the orchestra was next on the programme, after which Mayor Thomas N. Hart of Boston was introduced.

ADDRESS OF THOMAS N. HART,  
MAYOR OF BOSTON.

Mayor Hart said "He was glad to come to do honor to one of Boston's best known Citizens, a Boston Boy, Archbishop Williams," and spoke in praise of the action of the Order.

Before closing he paid a high tribute to the Late Hon. Owen A. Galvin, though he at one time was a candidate against Mr. Galvin for the office of Mayor of Boston, Mayor Hart said he was glad at this time to say that during that campaign not one word was uttered that would reflect against the character of either candidate.

From that day" continued the Mayor, "Mr. Galvin and myself were friends, and at this time I take the opportunity of saying these few words in memory of Hon. Owen A. Galvin."

High Chief Ranger Col. Thomas F. Doherty then introduced Bartholomew R. Doody, High Chief Ranger elect. Bro. Doody expressed his great satisfaction at being present and rendering homage to his Grace the Archbishop of Boston. "The occasion is one that will live in the history of the Order as being fraught with good results." It was the source of great satisfaction to be present on such a great occasion and will remain a memory to me through life. The Order was prospering, growing in strength, growing in number and growing in all that tends to make it a grand Catholic Institution, and when on an occasion like this we are honored by the presence of his Grace, the most beloved Archbishop of Boston, Rev. John J. Williams, each and every one of us can retire from here with the full satisfaction that our work and our labors are of the highest that we can indulge in.

High Chief Ranger Col. Doherty congratulated all upon the occasion as being one which would long linger in their memories as an epoch in the history of the Order. He thanked them for their zeal and interest which they had shown and by such such a large attendance, assuring his Grace that the Foresters and their children will be ever faithful to the truth and teachings of the Church and merit by their lives and actions to be worthy sons of our Holy Church. He then declared the meeting adjourned.

## MORNING SESSION.

Thursday, April 26, 1900.

---

Called to order by High Chief Ranger Thos. F. Doherty at 10.30, who opened the meeting with prayer.

He then called for the election of High Outside Sentinel. Dr. Laura A. C. Hughes arose and withdrew her name in favor of Daniel E. Lane and requested the 63 who voted for her to cast their votes for Bro. Lane.

Balloting commenced for Daniel E. Lane of No. 69, Charles E. Bonning of No. 142, and Michael Leonard of No. 34, which resulted as follows:

Chairman Tighe reported whole number of votes cast 151, necessary for a choice 76. D. E. Lane 77, Charles E. Bonning 39, M. Leonard 34, scattering 1, and High Chief Ranger Doherty declared D. E. Lane elected High Outside Sentinel for the ensuing year.

Nomination for Corporation Counsel being in order, Bro. Fitzgerald of Gallagher Court No. 64, arose and nominated the present incumbent Wm. P. Hayes of Gallagher Court No. 64, Bro. # REPORT OF THE HIGH SECRETARY-TREASURER,

FOR THE YEAR ENDING DECEMBER 31, 1900.

*To the Representatives of the Massachusetts Catholic Order of  
Foresters in Annual Convention Assembled, April 24, 1901.*

## *Representatives:*

In the following pages I herewith submit for your consideration the work performed by the High Standing Committee during the year 1900, and also the financial condition of the Order, which condition merits the praise and congratulation of every member of the Organization, it being most flattering in the substantial results attained by the united efforts of our membership.

The High Standing Committee have been in full session every week during the year with an attendance large and zealous that every consideration that could be given to the advancement of the Order should receive their earnest and constant attention.

In addition to the attendance at regular meetings the Committee have, as a body, and individuals, visited a large number of Courts and addressed them in Public Meetings on the good work we are engaged in and the noble results that have been accomplished by our united efforts.

The Committee report with pleasure that during the year they have organized the following Courts composed of the number of members attached, all of whom cheerfully testify to their zeal and interest in the work they have enlisted in.

## COURTS FORMED DURING THE YEAR 1900.

Pinehurst Court No. 167, Fitchburg, Mass., organized February 5, with 30 charter members, average age 35 years, 6 months.

Wachusett Court No. 168, Leominster, Mass., organized February 5, with 13 charter members, average age 36 years, 2 months.

Charity Court No. 169, Milford, Mass., organized February 8, with 30 charter members, average age 30 years, 1 month.

Westford Court No. 170, Graniteville, Mass., organized February 10, with 15 charter members, average age 36 years, 8 months,

Wannalancet Court No. 171, North Chelmsford, Mass., organized February 10, with 17 charter members, average age 33 years, 6 months.

St. Ambrose Court 172, West Quincy, organized February 23, with 16 charter members, average age 31 years, 8 months.

Owen A. Galvin Court No. 173, Charlestown, Mass., organized April 17, with 28 charter members, average age 30 years, 8 months.

St. Winnifred Court No. 174, Chelsea, Mass., organized April 17, with 18 charter members, average age 35 years, 4 months.

Star of the Sea Court No. 175, Marblehead, Mass., organized April 22, with 15 charter members, average age 35 years, 5 months.

Montcalm Court No. 176, West Gardner, Mass., organized May 6, with 17 charter members, average age 28 years, 2 months.

Suspended for non-payment of Call 166 and remains suspended.

Father Police Court No. 177, Boston, Mass., organized June 4, with 17 charter members, average age 29 years, 7 months.

Fallon Court No. 178, Attleboro, Mass., organized June 8, with 18 charter members, average age 30 years, 9 months.

Father McNulty Court No. 179, Brockton, Mass., organized July 11, with 53 charter members, average age 33 years, 3 months.

Neponset Court No. 180, Neponset, Mass., Organized August 16, with 37 charter members, average age 32 years, 3 months.

St. Louise Court No. 181, Neponset, Mass., organized October 19, with 16 charter members, average age 39 years, 5 Months.

It is with regret that I report the loss of two courts during the year, one being Shiel Court No. 35, the cause being the moving of members to other parts of the city and consequently a falling off in membership, the whole finally surrendering their charter, taking withdrawal cards for other Courts.

The second Court being Montcalm Court No. 176, a new Court organized May 6, they having failed to pay Call No. 166 was duly suspended and notice sent to the Courts of the Order of said suspension.

The total number of applications received during the year 1900 was 2,350, of which there were approved 1,791 a large per cent. of whom were admitted. The growth of the Order for the year, deducting deaths, withdrawals and suspensions being 1,122 making a total of 14,943 on Call 171, expiring on December 20th, 1900.

The number of deaths paid during the year was 152, of which 13 were brought over from 1899. The number of deaths remaining unpaid at the commencement of 1901 were two.

The balance in bank and office to the credit of the Mortuary Fund being the sum total of \$12,625.24.

The deaths (141) occurring during the year 1900, show a rate running close to 10 to the 1,000 members, a very low death rate when we consider our Order as being 21 years old.

On page 22 the reports from the Courts of the average age of the Order in their jurisdiction is a matter of record and is a study for the members to look into and act upon. Every member should make an effort to keep the age as young as possible and by that means keep the death rate low and the assessments small.

On page 16 will be found the total mortality occurring during the year, together with 13 deaths brought over from the previous year of 1899. From a scrutiny of the contents we can learn the causes that we battle against and we are taught a lesson on the uncertainty of life and the necessity of being at all times prepared for the great hereafter. To none of this vast list, one year ago, had the thought of being called next; yet a loving God so ordered, and the lesson should be ever before us, that we know not when the summons will come, but try and be prepared for it.

On page 13 the report of the Trustees of the Emergency Fund is entered in full to January 1, 1901, and congratulations are hereby extended to the membership of the Order for the splendid showing that the fund makes—\$76,884.09. Such meritorious work tends to strengthen and make permanent the Organization we so love and serve. God grant a continuance of its growth till it reaches the sum of \$500,000 is the earnest prayer of your High Secretary-Treasurer.

In closing this general report permit me to return my heartfelt thanks to all members whom I have had occasion to meet for their universal kindness and treatment on all occasions, and for which I have the kindest and most loving memories, and pray that the choicest blessings of a loving God may fall upon them from an unstinted hand.

Respectfully submitted,

JAMES J. McLAUGHLIN,

*High Secretary-Treasurer.*

## Address of High Chief Ranger

**BARTHOLOMEW R. DOODY.**

*To the Representatives of the Massachusetts Catholic Order of Foresters:*

SISTERS AND BROTHERS:

I welcome you to this our Twenty-Second Annual Convention.

The character and ability of the Representatives to all former conventions has given annual assurance of the stability and success of our Organization and the present magnificent gathering is no exception in this respect.

The success of our Organization is assured so long as we are able to bring together for the purpose of transacting the business of our Order a body of Representatives having your integrity, ability and experience.

During the year all that could reasonably be expected has been accomplished, and I am pleased to say that in consequence our Order has prospered in every way. It has kept unbroken its record of faithful and full performance of every promise; it has fulfilled every obligation; it has added largely to its membership and its finances; it has grown in the confidence of the conservative people of this Commonwealth, and is today one of the safest and best Fraternal Insurance Organizations in the country.

From January 1, 1900, to December 31, 1900, 2,350 applications for membership were received. Of this number 1,791 were accepted and 559 rejected. From January 1, 1901, to date 739 applications have been received of which number 617 were accepted and 122 rejected, an average of nearly two hundred applications a month.

New Courts have been instituted since the last Annual Convention as follows:

Montcalm 176, West Gardner, instituted May 6, 1900, with 17 charter members, average age 28 years, 2 months.

Father Police 177, Boston, (French) instituted June 4, 1900, with 17 charter members, average age 29 years, 7 months.

Fallon 178, Attleboro, instituted June 8, 1900, with 18 charter members, average age 30 years, 9 months.

Hingham 182, Hingham, instituted April 3, 1901, with 14 charter members, average age 25 years, 4 months.

Two Courts have been suspended during the year.

Public meetings have been held in many of the cities and towns in the state. I am pleased to say that good results have followed these meetings, and I recommend that they be repeated from time to time. As a wise, progressive and well managed business house advertises its wares and keeps itself in the public mind so must we keep our Organization and its work constantly before our people, and I know of no better way to do this than by means of well advertised public meetings. Whenever such meetings are undertaken every member should show his interest not only by attending himself but also by urging his friends to do likewise. The degree of success to be attained by our Organization must come in the future as it has in the

past, not alone through the efforts of your High Standing Committee, nor through the efforts of your local Court officers or your deputies, but through the united efforts of our entire membership. Each individual member has a power for doing good and each one is in duty bound, in justice to his fellow members, to exercise that power to the extent at least called for by his obligation. No matter how earnest or active your High Standing Committee may be the fullest measure of success can be secured only through the earnest, active, co-operation of all.

I ask you, therefore, to go back to your respective Courts when this convention closes and exhort our members one and all to give to our Organization during the coming year that earnest and active support so necessary to that degree of success of which our Organization is so well worthy.

At the last Annual Convention the proposal to establish District Councils was referred to the High Standing Committee. The Committee decided to take no action on the matter this year; their reason was a financial one: it was clearly seen that if the district system were to be established it WOULD entail considerable expense for establishing and maintaining it; to be of service, frequent regular meetings of the District Councils should be held, necessitating a large outlay for hall rents, traveling expenses, etc.

Your Committee did not have at its disposal any money for this purpose, indeed, the Committee saw clearly that this year, as well as for several years past, there would be a deficit in the general fund.

I would like to call your attention specially to this matter of deficits in this fund. Last year the general fund was not large enough to meet the running expenses, so that to maintain the credit of the Order the High Standing Committee borrowed \$2,000 from the Trustees. This amount was paid back to the Trustees in August, when the Per Capita Tax for the year was received.

We find ourselves confronted with the same financial condition this year. Though we have had an economical administration

there will be a deficit of from \$1,000 to \$1,500 by August next. I wish to urge strongly upon the Convention that this is not a proper condition of things. The funds in the Trustees' hands should never be touched except for "payment of emergency mortuary benefits." Not a dollar of the Emergency Fund should ever be appropriated for any purpose whatever outside of the legitimate use of the fund as provided in the Constitution. Any condition of our finances that makes it necessary to draw a dollar of this fund, even for temporary use, is a dangerous condition. We were forced last year, against our will, to draw on this fund to maintain the credit of the Order.

To guard against any necessity of doing again what should never be done, I recommend that the Per Capita Tax be \$1 for the coming year.

The Finance Committee recommended to the Convention of last year to make the Per Capita Tax \$1. If that recommendation had been adopted your Committee would have no deficit to trouble them or report to you this year.

I regret to have to report to you that the Scholarship Fund is still incomplete. Yet it is pleasant to think it needs but to be called to your attention, it is a Fund in which we all may take honest pride and from which we devoutly trust many spiritual blessings shall come to us, our families and the community at large.

Surely the Order may well take pride in the fact that we are the first Catholic body to found a scholarship in the Seminary at Brighton. You will recall with pleasure the honor which His Grace the Most Reverend Archbishop did us a year ago in meeting us at Boston College Hall. He was pleased to accept the scholarship and in so doing spoke words of hearty praise of the work which the Order has done. This was a singular honor done us by the highest representative of the Church in New England, and I know that as a body we have appreciated it. It remains now to fulfil the promise we then made. As the promise of a scholarship was specially creditable to us, undue delay in fulfilling that promise would be discreditable.

I trust you will attend to it at once. I am sure my successor will be glad to congratulate you on the completion of the Fund at the next Convention.

With a sense of their responsibility in regard to the business affairs of the Order, the High Standing Committee thought it well during the past year to have a careful examination made, by an expert accountant, of the books and accounts of our High Standing Committee for the entire time during which the present Treasurer has held the office. It gives me pleasure to state that the accountant reports the books and accounts have been correctly and carefully kept, and that everything is in a satisfactory condition.

The stability of our Organization depends on its resources, these should be increased from year to year that we may have increasing confidence in the Order, things are now prospering with us, and we should make hay while the sun shines.

The Emergency Fund should be largely increased. It is gratifying to report that including interest it is increasing about \$11,000 a year. It would be very bad policy for many years to come to take any steps to reduce this increase. It should be more rather than less. In this fund lies the future strength and safety of our Order.

It is well to bring about closer relations between the High Standing Committee and Subordinate Courts, and so encourage more interest in the Order, with a view to that end, I recommend that the High Standing Committee send every month a news sheet to all Subordinate Courts, that they may know better whatever concerns the Order. This news sheet could be prepared and manifolded at headquarters and sent out with ordinary assessment calls, entailing little expense.

I feel I should not be doing my full duty to the Order did I confine my remarks to its immediate wants. I have taken this occasion therefore to make some general recommendations suggested by my experience as wise and prudent.

And now I am to retire as High Chief Ranger of this Organization. In committing the charge of your affairs into the

hands of my successor I shall offer him my hearty congratulations. I feel sure that he will regard it, as I regarded my election a year ago, as a great honor. It is an HONOR to be High Chief Ranger of this body. We have other Catholic bodies in the state, I have regard for them all, but I wish to say here publicly that this Organization compares more than favorably with any of them, in having a large representation of what is best in our people.

I have been up and down the state and have been brought in close contact with the rank and file of the Massachusetts Catholic Order of Foresters, and I can testify from my personal knowledge that the Foresters represent largely the most sterling qualities of our people.

It is a pleasure to state that wherever I have gone I have been received with a warm welcome and the kindest possible treatment has been given me by our members, for this I am deeply grateful.

There are some regrets which I wish to express: A regret that I am leaving such pleasant associations, and a regret that I have not been able to do more for the Organization.

I have had a full sense of the responsibility as I had a deep appreciation of the honor done me, by the unanimous election given me a year ago. I promised then to be faithful to the responsibility, I think I have been so, though other cares have pressed me very much, making it impossible to give as much time to the office as I would have wished to give.

It is a pleasure to thank the Deputy High Chief Rangers for the courtesies extended to me on every hand, my work was made easy and enjoyable by their courteous co-operation.

I have also to extend special thanks to the members of the High Standing Committee, they have been my close associates, I have found them courteous and helpful, they know whether I have done my duty or not. I am glad to think that whatever their appreciation of my work may be, they at least recognize that I have given the Order disinterested, honest service.

I thank them again for their kindness to me. I retire from office, to continue active membership and loyal interest in the Massachusetts Catholic Order of Foresters.

Long may it live to do ever increasing beneficent work, a blessing to the community.

The report of the High Medical Examiner, Francis J. McQueeney, was then read as follows:

REPORT OF  
FRANCIS J. McQUEENEY, M. D.,  
HIGH MEDICAL EXAMINER.

---

Boston, April 24, 1901.

Ladies and Gentlemen of the Twenty-second Annual Convention:

I have the honor of submitting for your consideration the third annual report of the doings of the Medical Department of your Order.

The number of physicians comprising our Corps of Medical Examiners consisted of 93 last year. Notwithstanding the formation of many new Courts since then, we have at the present time a similar number of examining physicians.

For the good of the service, changes were made in five former examiners, and Doctors Elizabeth A. Brackett, George R. Spooner, Mary E. Noonan and Loretta K. Cavanagh were selected to fill the vacancies.

During the year the disbandment of two Courts together with the resignation of four examiners, reduced the number of physicians and required the appointment of Doctors Albertus K. Boardman at Bridgewater, Francis J. Sexton at North Easton, W. Franklin Holmes at Randolph and J. Putnam Morrill at Chelsea.

In accordance with the usual excellent policy of the High Standing Committee the new Courts which have been organized were distributed among our old examiners, Doctors Sheahan of Quincy, McDermott of Salem, O'Toole of Charlestown, McCarthy of Brockton, Merrick of Neponset, Graham of Dorchester, Werner of Boston and Vance of North Attleboro. The new Court at Hingham was assigned to Dr. J. Winthrop Spooner.

Our belief that lady physicians offer many advantages to our Society in the delicate duty of examining female applicants, has resulted this year in the appointment of six ladies, the largest number in the history of our Organization.

There is evidently little doubt that competent women doctors, not afflicted with the desire to ape the opposite sex in their mannerisms are certainly appreciated by the applicants among our Catholic women.

The custom of reappointing our examiners each year, if they merit the confidence of the High Standing Committee, has been productive of excellent results.

The knowledge that changes will not be made without cause and that the position of Medical Examiner to our Order is permanent and not dependent either upon influence or friendship, encourages our physicians to do their duty to our Society.

In advising the appointment of examiners, they agree with me, that if they do not perform their duties satisfactorily, their connection with our Order may be terminated at once. In three years I have had on only one occasion to apply this rule.

During the year 1900 we have paid one hundred and fifty-two (152) death claims, 26 more than in 1899. In line with the warning I have already given, 54 of this number were between 50 and 84 years of age. We must therefore expect each year an increasing death rate among members who have been 18 to 22 years in our Order and admitted late in life.

The causes of death are headed, as in all other Insurance Societies by consumption. This dreaded disease cost us 38 deaths, seven women and 31 men, the average membership of the women having been nearly four years and their ages slightly over 35 years; of the men their membership averaged something over 10 years and their ages over 45 years.

Heart disease was the second highest cause of death, emphasizing in the loss of 22 men to but one woman, how greatly the labors of the former affect their health in comparison with the uneventful life of the latter.

The average age of the men was 48 1-2 years and length of time in the Order over 10 years.

Bright's disease was the third highest in the list and caused the deaths of two women and 12 men. Accidental deaths caused the loss of 13 men. Pneumonia follows next occasioning the death of one woman and 11 men.

Disease of the brain, cancer and miscellaneous diseases stand sixth in the causes of death, with 10 in each class. A peculiar happening this year, was the occurrence of eight deaths from cancer among men, to two occurring in women.

Disease of the liver, typhoid fever and complications of childbirth caused five deaths each. The five deaths from typhoid fever were confined entirely to male members.

We had three deaths due to insanity among men, and one death each ascribed to disease of the stomach, diphtheria, post operative and old age.

In comparison with 1899 it is interesting to note that the percentage of deaths from consumption, heart, kidney disease and pneumonia in 1900, is less than the previous years.

We have had during the year 1900, 2461 applications to our Order, of which number 559 were rejected. At first glance the number of rejections appear out of proportion with the previous year, but there is actually only about 1 percent difference in the proportion of both years. This is interesting as showing how evenly the work of your Medical Department is being conducted. The number of applicants approved this year exceeded by 154 the whole number of accepted and rejected applicants last year. Judging from these statistics, our Society is evidently appealing to the sound business and common sense of our community.

Up to the final meeting of this term of your High Standing Committee, on last Monday night, we have passed upon 782 applications to the Order, an average of seven each day this year.

As during the two previous years, of the 559 rejected applications in 1900, diseases of the lungs occupies the leading position among the causes of rejections. Diseases of the heart next, and age third. This latter cause should be eliminated from among the reasons for our refusal to accept applicants. Mis-statements as high as 10 years, have been made in the applications for 1900.

Giving in detail the reasons for rejections and the diseases existing among our applicants, we have:

	Women.	Men.	Total.
Diseases of the lungs.....	74	35	109
Diseases of the heart.....	29	45	74

Many members who have not given the matter careful consideration, are unable to understand the causes enumerated above, and oftentimes reach an unjust conclusion regarding the rejection of their friends or relatives.

As you are well aware consumption leads the list of losses among all insurance companies, our own included. From carefully compiled statistics we know the liability to this disease is greatest among applicants in whose families consumption has occurred. We also know that the disease is more to be feared before middle life, after 30 years of age the danger diminishes as one grows older. Robust health at time of the examination is a protection, but not an absolute certainty against acquiring this disease.

It is an accepted fact that low weighted applicants are the ones in whom consumption is most likely to occur.

Practically 50 percent of the deaths from this disease occur in low weighted applicants under 30 years, with a doubtful family history.

Extreme care must also be exercised in the inquiries regarding the habits of applicants. Liquor dealers and bartenders are only accepted in regular Life Insurance Companies by adding five or more years to their premium rate. We cannot do this in our Order, neither have we the Surplus or Reserve Fund to gamble on hazardous risks. For that reason a list of hazardous occupations are printed upon all our blanks and there is no need of displaying a spirit of obstinacy in proposing this class of candidates.

There is without doubt, plenty of excellent insurance material among the Catholics of our State without trying to load your Order up with applicants who do not, who cannot, and who will not, comply with our requirements.

While discussing rejections I wish to express my obligations to the many members who have furnished me information which has protected our Society against the admission of undesirable applicants.

In cases where early deaths occur among members who have been a year and one half or less in the Order, a written report and explanation of the deaths is requested from the medical examiner. With one exception, our doctors have courteously complied with our wishes. The doctor who is the exception, is no longer examining for our Society.

Of the early deaths among those paid in 1900, one a mother, was due to natural causes, the examiner submitting an excellent report upon the case; another was a chronic asthmatic whose condition as is frequently the case, was good at the time of examination, together with his denial of any previous illness. One was due to apoplexy, another to acute Bright's disease following exposure and the last one caused by an accident in bicycle racing.

Speaking of early deaths, reminds me that of the 27 Courts organized during the past three years of my occupancy of the position of High Medical Examiner, only three deaths have occurred in these Courts, one a pneumonia of a few days' illness, the other

an acute disease of the liver and the third a rapid form of consumption in a man whose examination was normal at the time of his admission. In both of these last mentioned cases, a report was required from the examiners and cheerfully submitted.

Trusting that you will pardon me for referring again, this year, to the matter, may I urge that the pernicious practice of endeavoring to force upon your committee the appointment of popular physicians as examiners to our Order should cease. Our custom is and always has been, to select members of the Order in the first instance, and Catholic doctors if possible, in the second, provided that they have the qualifications necessary to fill the position, otherwise they will not receive the requisite approval. We have been criticised for not selecting physicians, many of whom have been discredited by other insurance companies for incompetency and other excellent reasons.

One of the most interesting dinners of our Medical Examiners was held this year. As our guests, we had a number of specialists in diseases not familiar to general practitioners and of great importance in insurance work.

Dr. Twombly spoke interestingly upon diseases of women; Surgeon Bossidy of the City Hospital, upon the eye and its relations to insurance; Dr. Thompson of the Provident Life Insurance of Philadelphia, upon the heart and lungs; Dr. Macdonald of the Carney and St. Elizabeth Hospitals, on skin diseases in insurance, and Dr. Harris, the medical examiner of this county, upon post mortem examinations applied to insurance risks.

In conclusion, may I express the opinion that it is unfortunate that an executive position, such as I occupy, is a yearly elective one. It would be far better for the interests of our Society, if it could be otherwise, the incumbent to remain as long as he performed the duties of his office competently, honestly and fearlessly. The misdirected efforts therefore, of some of our members to desire a pliable, spineless medical executive would be rendered impossible, and the supreme importance of sustaining and not decrying the independence of an official more fully recognized.

Personally, I wish to express my gratitude to your High Standing Committee for the consistent and courageous support they have given me in conducting the medical affairs of your Society.

I trust, for the maintenance of this grand and leading Catholic Insurance Organization of ours in the Old Bay State, that your selection of officials may always be made for the greater good, the undoubted benefit and the continued and enduring success of the Massachusetts Catholic Order of Foresters.

Respectfully submitted,

FRANCIS J. McQUEENEY, M. L.,

# REPORT OF THE HIGH SECRETARY-TREASURER,

FOR THE TERM ENDING DECEMBER 31, 1901.

---

*To the Representatives of the Massachusetts Catholic Order of Foresters, assembled in the Twenty-Third Annual Session of the High Court, April 23, 1902.*

## REPRESENTATIVES:—

In accordance with the provisions of Section 6, Article VII, of the High Court Constitution, I have the honor to submit for your consideration a detailed statement of the business transacted by the High Standing Committee and this office for the term ending December 31, 1901.

The High Standing Committee have held forty-seven meetings during the year with an average attendance of eighty-six per cent. In addition to their attendance at regular meetings, the committee have, as a body and as individuals, visited one hundred and thirty-four Courts of the Order, and by their presence have stimulated the interest that has brought about such excellent work during the year.

## NEW COURTS.

The following Subordinate Courts have been organized and instituted during the past year.

---

Total 16,296

The number of applications received during the year was 2174

Of this number 1,807 applications were approved, 1,776 being admitted to membership.

The number of suspensions and resignations, less reinstatements, was 242, and the number of deaths 181, making a total loss of 423 members. The net gain during the year was 1,353 members. The table of membership by Courts on page 24, indicates the membership on January 1, 1901 and 1902, with the gain and loss in each Court, and to it your attention is respectfully called, as it presents thought for study in determining where the apparant and actual interest in the Order is displayed.

The average age of applicants admitted in 1901 was 31.7 years.

The aggregate age of the 16,296 members of the Order was 634,482 years, and their average age was 38 years and 11 months.

The number of Mortuary Assessments during the year was ten, (10), the assessments being Calls 172 to 181 inclusive, yielding the sum of \$176,465.80.

The amount collected on the last assessment of the year, Call 181, was \$18,360.90.

#### DEATHS.

The number of Mortuary Benefits unpaid January 1, 1901, was two, (2), and the number of deaths that occurred during the year was one hundred and eighty-one, (181). The Mortuary Benefits paid during the year amounted to one hundred and seventy-three, (173). There were unpaid January 1, 1902, ten, (10), four of them being because the death cetificates were not filed until after January 1st.

The average time of payment of the Mortuary Benefits on the deaths of 171 members who died during 1901 was thirty days.

The average length of membership of members who died in 1901 was nine years, and the average age at death was 45 years.

The number of deaths amongst the woman members, since their admission to the Order in 1894, has been eighty-seven, (87).

## FINANCES.

A daily cash balance, which works admirably, enables the Order to ascertain at the close of each day's business the amount of its credit in each of the Trust Companies where the business is done, and the amount of money in the office of each denomination, even to the number of pennies.

A very good audit of the receipts of the office has been effected through the Treasurers of Courts. Statements of the receipts semi-annually are sent to them, with a request that they be signed if found correct, which has been usually done with notations. This audit, while a little in the rough to begin with, can be improved upon and should be encouraged as a good business proposition.

To obtain a perfect audit, all moneys sent to this office should be sent through the Financial Officers of Subordinate Courts. It has been the custom in some Courts to transmit High Medical Fees through the Recording Secretary, and in some Courts through the local Medical Examiner. Benefit certificates and badges are procured in a similar manner by many of the Courts. The result is that when statements are forwarded to the Treasurers of Courts they are not able to properly audit and account for them.

If all supplies could be ordered by members through the Financial Secretaries of their Courts, and the money transmitted through the Treasurers, like other funds, it would be possible to perfect the system of accurate auditing.

On page 10 will be found a statement of the payments to this office from each Court on account of the different funds, and it is respectfully suggested that the officers and members of each Court scan them closely as to their correctness. In Courts where all payments have not come through the Treasurers, the supplies and total payments would exceed the footings of the Treasurers books. All payments made after December 31, 1901, are credited to the year 1902, even though due in 1901.

The expenditures on account of the General Fund for 1901 were \$165.24 less than during the previous year, and the balance on hand January 1, 1902, amounting to \$6,253.46, was \$927.25 greater than on January 1, 1901.

On page 19 the report of the the Trustees of the Emergency Fund is given, showing the total amount in this fund to be \$89,152.43.

Circulars have been issued with each Assessment Call sent out from this office, giving information concerning the workings of the Order and suggestions relative to the general good, and they have been universally acceptable.

The average cost for insurance per member in the Order, from the year 1895 to the year 1901 inclusive, has been as follows:

1895,	-	-	-	-	-	-	-	-	\$11.82
1896,	-	-	-	-	-	-	-	-	10.77
1897,	-	-	-	-	-	-	-	-	9.56
1898,	-	-	-	-	-	-	-	-	11.09
1899,	-	-	-	-	-	-	-	-	9.07
1900,	-	-	-	-	-	-	-	-	11.34
1901,	-	-	-	-	-	-	-	-	11.31

The Insurance Commissioner of Massachusetts insists upon our compliance with the provisions of Section 11, Chapter 442, Massachusetts Acts of 1899 (superseded by Chapter 422, Acts of 1901), and amendments to our Constitution in accordance with the requirements of these provisions have been prepared, and will be submitted for action to the Twenty-third Annual Session of the High Court.

Kindly appreciating the many courtesies extended to me by the High Standing Committee, Deputy High Chief Rangers, and Officers and members of Subordinate Courts generally, this report is,

Respectfully submitted,

JOHN J. LEONARD,

*High Secretary-Treasurer.*

## ADDRESS OF HIGH CHIEF RANGER

## DANIEL A. CRONIN.

To the Officers and Representatives of the Massachusetts Catholic Order of Foresters in Convention Assembled.

Delegates:—In accordance with the Laws and customs that have heretofore prevailed, I herewith submit to you my report in reference to those matters devolving upon me in the performance of my official duties during the past year. I shall not go into details further than to state in a general way, what has been done by myself and the other members of the Committee and present such facts as may enable you to appreciate the present condition of the Order, and offer such recommendations as experience has demonstrated will advance the future prosperity of our Association.

The past year may be truthfully termed one of harmony and good feeling. No difficulties have arisen that have worked to the detriment of the Order, our energies should be devoted to the building up of the weaker Courts, and to the careful consideration of such questions as will tend to strengthen and expand the future usefulness of the Order.

## MEETINGS.

During the past year we have held 47 regular meetings, and we have attended 34 public meetings and 100 held by single Courts; most of the meetings were well attended, and your Committee desire to return their sincere thanks for the co-operation and courtesy they received from the members of the Order in all parts of the State.

The following Courts have been instituted since our last Convention:

183 St. Mariam Court of Whitman, Ins.....	June 4, 1901, 28 members.
184 St. Philip Court of Boston.....	Aug. 2, 1901, 16 members.
185 St. Stanislaus Court of S. Boston.....	Nov. 17, 1901, 15 members.
186 McDermott Court of Springfield.....	Dec. 15, 1901, 29 members
187 Blessed Sacrament Court of Roxbury..	Jan. 27, 1902, 19 members
188 Howard Court of Holyoke.....	Mar. 16, 1902, 19 members
189 Mt. Tom Court of Holyoke.....	Mar. 16, 1902, 20 members
190 Henry S. Lee Court of Springfield.....	Apr. 20, 1902, 54 members

The membership of the Order January 1, 1901, was 14,943, and January 1, 1902, 16,296.

Composed of 11,935 men and 4,361 women.

A net gain for the year of 1,353 members or about 9 per cent.

The number of applications received since January 1 was 965, of this number 816 were approved.

The number of candidates initiated up to April 22, 1902, was 767; the number of deaths, suspensions and resignations 143, which would make the present membership 16,920, or a net gain since January 1, 1902, of 624.

The steady increase of membership is more convincing than words of mine of the confidence of our people in the stability of the Order.

Number of Calls during the year 10.

Amount realized .....\$176,465.80

Amount paid ..... 173,250.00

---

\$3,215.80

Interest ..... 145.59

---

Receipts over payments ..... \$3,361.39

Number of deaths during the year 181, or a fraction over 11 to 1,000.

#### RESERVE FUND.

In 1889 a Law was passed creating a Reserve, or as now known, an Emergency Fund.

On the first Call we realized .....\$2,056.49

Interest ..... 8.52

---

Total .....\$2,065.01

When we compare that modest sum to the amount turned over to the Trustees during the year 1901, it will give us some conception of how fast we are accumulating a Fund which will enable us to meet our future obligations.

From the Order .....	\$9,088.00
Interest .....	3,180.34
<hr/>	
Total .....	\$12,268.34

The interest alone of the present year exceeds the first Call and Interest by \$1,115.33. The total amount, as you will learn from the Report of the Trustees, January 1, 1902, was \$89,152.43, most of which is invested in Real Estate Mortgages. At the present rate of growth of this Fund, it should exceed in ten years from now \$250,000. I wish it were \$500,000, however, instead.

#### REVISED LAWS OF MASSACHUSETTS.

Chapter 119, Section 7 (beginning with line 22) read as follows:—

Such Emergency Fund shall be invested in securities in which Insurance Companies may invest their Capital, but a part thereof, not exceeding twenty per cent, may be invested in a building for use and occupancy by the Corporation as its home office, within this Commonwealth; under this Statute we can invest at the present time about TWENTY THOUSAND DOLLARS of our Emergency Fund, and I know of no better or safer use to apply it to than in an office building in the centre of this great and prosperous City, where desirable Realty Investments are slowly but surely enhancing in value. A building of this description would show the thrift and enterprise of the management of our Order, and would commend it to the Community as a Society worthy of membership. Most all our applications are at the present time exposed on shelves at Headquarters, and I feel that I would not be performing my duty without calling your attention to this state of affairs and place the responsibility where it belongs.

TO CELEBRATE THE 25th ANNIVERSARY OF THE ORDER IN  
SOME SUITABLE MANNER.

The 25th Anniversary of the Order will take place two years from now, and I most earnestly recommend that it be celebrated in some suitable and general manner. I call your attention to it at this time that a special Committee may be appointed to report to the next Convention in what manner would be most appropriate to have it held, and then the Convention would be able to change it if necessary and give the Committee at that time full power to carry out the will of the Convention; to avoid incurring expense the Convention might well leave the matter to the incoming Executive Council to report to the next Convention, manner and form of celebration.

SCHOLARSHIP.

Some three years ago, under the able administration of Colonel Doherty, a Scholarship was created in the Brighton Seminary known as the Massachusetts Catholic Order of Foresters Scholarship. The Order pledged \$5,000 to this Fund, \$4,000 of it was raised without any great difficulty, but there still remains a balance due of \$665 which we have not been able to collect, although we have made several appeals to Courts that have not contributed; it is voluntary, to be sure, but the good name of the Order is at stake, and I trust you will not adjourn till you devise means for its prompt payment. This Scholarship has done more to enable us to secure the approval of the Clergy than five times the amount would have done in any other direction. Let us see to it that we merit their confidence by meeting this obligation forthwith.

The future of this Order depends, in a great measure, upon the work of Medical Examiners in the admission of members.

The thought naturally suggests itself that a just and conscientious man should always be chosen as High Medical Examiner of the Order, and so long as this Order can secure the services of a man with the character of Dr. McQueency its success in this direction is assured.

## THANKS FOR FAITHFUL CO-OPERATION.

Before closing I desire to sincerely thank all the members of the High Standing Committee for the loyal service they have rendered the Order during the past year; they have been ever ready to serve where duty called them, and a more faithful body of men I have never met. I wish them, one and all, a long, honorable and useful life. I desire also to thank the different Courts through you for their able and intelligent assistance.

Through the efforts of our High Secretary-Treasurer and his friends, we have been able to institute four new Courts in the western part of the State, namely: two in Springfield and two in Holyoke. The order can congratulate itself upon having a man of the clerical capacity and reputation of Major Leonard as Secretary-Treasurer. I sincerely trust that they may be able to retain his services for many years.

Let us, then, to-day approach the problems that confront us in a spirit of Amity, let all our efforts be to strengthen our beloved Order, remember all our interests are common. Let us be kind in speech and manner to all; and if we be true to ourselves, thousands yet unborn will bless us and a loving God will reward us for our efforts.

I now declare this meeting open for its appropriate business, and the dissemination of Fraternity, Unity and True Christian Charity.

DANIEL A. CRONIN,  
High Chief Ranger.

On motion of High Outside Sentinel Dennis D. Driscoll, seconded by Bro. Robert Dwyer of St. Michael Court No. 70, the report of the High Chief Ranger was referred to a Committee of five (5), and when appointed consisted of

REPORT OF HIGH MEDICAL EXAMINER  
**Dr. FRANCIS J. McQUEENEY.**

---

BOSTON, MASS., April 23, 1902.

Ladies and Gentlemen of the Twenty-third Annual Convention:—

The honor has been accorded me of again presenting for your consideration the annual report of your Medical Department, during the twenty-third year of the existence of the Order.

Our Medical Corps last year numbered NINETY-THREE Physicians and to-day, notwithstanding changes and the formation of new Courts, we have not increased the list of the previous year.

For the first time, to my sincere regret and sorrow, I have to inform you of the loss by death of two of our Examiners, Doctors James H. Conway of Woburn and Francis E. Hines of Salem. Both gentlemen were strict in the performance of their duty and devoted to the interests of our Society. Each one was possessed of that remarkable intuitive faculty of selecting good insurance risks of which the records of Qualey Court No. 32 and Essex Court No. 16 are an enduring monument.

The death of one was unexpected, with the usual suddenness characteristic of the hard-working physician; of the other, many years of illness preceded his departure to that promised haven of rest.

The vacancy in Salem was assigned to Medical Examiner McDermott and the one in Woburn by the appointment of Dr. John P. Carroll.

Doctors Swan of Middleboro, Shea of South Framingham and Walsh of Leominster, resigned owing to removal from their several locations.

The vacancy in Leominster was filled by Medical Examiner Lyons, that in Middleboro by the appointment of Dr. A. Vincent Smith and in South Framingham by the selection of Dr. Daniel L. Healey.

The remaining vacancies created by resignations were assigned to Medical Examiner O'Shea of East Boston, and the appointment of Dr. A. Lawrence Brock in Charlestown and Richard S. Morris in Everett.

In accordance with the excellent custom of your Department the new Courts in South Boston, South End, Roxbury, Whitman, Holyoke and Springfield were distributed among our old Examiners,—Doctors Devine of South Boston, Madden and Doherty of Boston, Hanley of Whitman, Clarke of Holyoke and Leonard and Kennedy of Springfield.

As heretofore no changes have been made among the Examiners who do their duty towards our Organization and while we have, as usual, been harshly criticised by the friends of rejected candidates and others, that unfortunate bane of all fraternal societies, the yearly tinkering with the list of Examiners, has been kept in abeyance in our Order.

For this common sense conduct of your affairs and adherence to principle, you are indebted to the courage and business foresight of your High Standing Committee.

This year we have paid ONE HUNDRED AND SEVENTY-THREE death claims, TWENTY-ONE more than in 1900, but FIVE less than the excess of 1900 over 1899.

The average age of the deceased was FORTY-FIVE years, and their average length of time in our Society NINE years.

SEVENTY of these deaths occurred between the ages of FIFTY and SEVENTY-ONE years.

During 1901 the causes of death have made a peculiar change as regards their ratio to each other. Consumption as usual heads the list, but the number dying this year is the same as 1900, viz., THIRTY-EIGHT, SIX women and THIRTY-TWO men, showing a decrease of THREE and SIX-TENTHS per cent this year in persons dying of this dreaded disease.

An unusual occurrence was the number dying from Pneumonia, FOUR women and TWENTY-TWO men, a total of TWENTY-SIX, due to the prevalence of La Grippe.

A most distressing happening is the increase of deaths from Cancer. I mentioned this fact last year and to-day it is the third highest cause, nearly three times that of 1900. FIVE women and SIXTEEN men, a total of TWENTY-ONE and unfortunately it is a disease difficult to detect by reason of its insidious character and very rapid in its destruction of life.

Diseases of the Heart rank fourth, causing NINETEEN deaths confined entirely to male members.

Diseases of the Brain, principally apoplexy, caused the loss of ONE woman and FOURTEEN men.

Bright's Disease of the Kidneys has dropped from third place to sixth this year, with the deaths of FIVE women and EIGHT men, a total of THIRTEEN.

Accidents stand next in the loss of TWELVE members, ONE woman and ELEVEN men.

Diseases of the Liver, many of them preventable, occasioned the deaths of TWO women and SEVEN men, a total of NINE.

Diseases of the Abdomen and unclassified deaths come next, numbering FIVE each. In the former class ONE woman and FOUR men, in the latter TWO women and THREE men. La Grippe occasioned the loss of FOUR men and Rheumatism, Insanity and Appendicitis the loss each of TWO men.

During 1901 we have had TWO THOUSAND, ONE HUNDRED and SEVENTY-FOUR applications to the Society with THREE HUNDRED and SIXTY-FIVE rejections, ONE HUNDRED and FORTY-EIGHT women and TWO HUNDRED and SEVENTEEN men.

Since January first, this year, up to to-day we have had NINE HUNDRED and SIXTY-FIVE applications to our Society, ONE HUNDRED and EIGHTY-THREE more than at the time of the Convention last year.

The causes for rejection of applicants together with the number of the sex in each class of diseases are as follow:

	Women	Men	Total
Diseases of the Heart .....	17	40	57
Poor personal condition .....	27	20	47
Age above limit .....	21	22	43
Diseases of the Lungs.....	26	15	41
Diseases of the Kidneys.....	15	24	39
Under and over weight .....	15	7	22
Alcoholic habits .....	1	19	20
Diseases of the Liver .....	7	10	17
Refused to complete application .....	5	12	17
Poor family history and personal condition.....	3	11	14
Alcoholic habits and hazardous occupations.....		13	13
Hernia .....	2	7	9
Postponed till thirty years of age .....	5	3	8
Refused to become vaccinated .....	1	5	6
Poor family history .....	2	2	4
Defects, hearing, eyesight, etc. ....		3	3
Hazardous Occupations .....		3	3
Rejected by Investigating Committee .....	1	0	1
..	148	217	365

You are to be congratulated upon this exhibit. The circular from this office has produced marked relief from applicants not insurable and who were formerly proposed, to the annoyance of their friends and of our Order.

The diminished number of rejections due to age, poor family history and personal condition is flattering to your care in selecting material for candidates. Regarding habits, I regret the neglect this very important matter is receiving. Either your Investigating Committees are forgetting the character of the trust confided to their judgment or our members are not giving proper assistance. Only one rejection in TWO THOUSAND ONE HUNDRED and SEVENTY-FOUR applications is surely in need of an explanation.

In conformity with the commendable practice of previous years, a report upon all early deaths has been required.

This year I have added six months to the previous eighteen, making the "early death period" two years and under, trusting that this may prove satisfactory and interesting to your body.

In all cases where a doubt is raised regarding causes of loss to our Order an investigation has been made or a report submitted on each death.

We treat our Examiners absolutely fair in these matters and demand the same treatment in return, and in this connection two deaths are of special interest owing to the conduct of the Courts to which the Examiners were formerly accredited.

Of the FIVE early deaths among the women, one was from Cancer, the deceased weighing one hundred and fifty-eight pounds, at time of admission and her mother, together with nine brothers and sisters living. The attending Physician reported the cancerous growths as being numerous and rapid growing in character.

Another case was a rare and unusually fatal form of hemorrhagic disease, treated for two weeks preceding death at the Hospital.

The third death was caused by rupture of an artery in a lower limb, death resulting from the great loss of blood.

The fourth case was a Pneumonia of nine days' duration, and the fifth and last case one of those unfortunate complications of motherhood, ending in death after fourteen hours of continuous suffering.

Of the THIRTEEN deaths among men, four were caused by Pneumonia, two occurring after six to eight days' illness, and the third at the Boston City Hospital.

The fourth was of a member only one month and twenty-seven days in our Order. He was a total abstainer, never had been sick and died within five days after an unavoidable all-day exposure on his team to a drenching rainstorm.

Shock following an operation for Appendicitis at St. John's Hospital occasioned the loss of another member.

Consumption subsequent to an attack of La Grippe caused the death of two others, both total abstainers. In one case father and mother and eight brothers and sisters alive; in the other, the father and all the brothers and sisters living.

The hot wave of last July resulted in the loss of one of our members at the City Hospital, from Sunstroke, after a period of eleven months and ten days in the Order.

A malignant case of blood poisoning after only three days' illness and suffering caused us another death.

One of our Order died at the Hospital from hemorrhage complicating Typhoid Fever, having been a member only seven months and nine days. He was a man weighing over one hundred and ninety pounds upon admission with an excellent record.

A peculiar case, and one in which legal damages were obtained, resulted in the loss of a member thirty-five years old, due to an accident from the complications of which he died after an illness of many months.

Of the two remaining deaths referred to before, one member was admitted as a first-class risk and died, one year four months and three days after admission. His death was sudden.

As is usual in doubtful cases, an autopsy by the Medical Examiner of Suffolk County was held, and disclosed Chronic Heart and Kidney disease of many years' standing, and also an old inflammation of one lung. The Examiner who admitted this risk has resigned.

The other case was a young man thirty-six years old classed as a good risk, who died suddenly of a rare cause of death in one of his age, after having been a member one year ten months and seventeen days. Upon investigation by the Committee it was found that he had a Chronic Heart disease and bad personal history, dating back many years and treated in various public Hospitals. The Examiner who admitted this risk also resigned.

With the exception of these last two deaths, we have in this record but three losses due to Chronic disease, two from Consumption, traceable to an attack of La Grippe, and one in particular due to neglect of the Physician's orders to remain at home.

The death from Cancer, owing to the location of the disease, was not likely to be recognized.

In connection with these reports, I wish to thank our Examiners and particularly attending Physicians for their kindness in furnishing details and explanations on cases when requested.

A very important matter to which I again call attention, and one that has cost us thousands of dollars, is the moral cowardice displayed upon the admission of applicants. We learn, when too late, facts that would prevent the admission of many risks.

Confidential communications from any source sent to me or any member of the Committee are guaranteed protection. Anonymous letters I receive in abundance, but a sense of justice prohibits them from being considered.

We have paid a claim upon a deceased member this year, who was fifty-four years old at the time of his admission, nearly five years ago, the age given at that time being forty-eight years and certified as correct by the Examiner who had known him fifteen years. Since the introduction of the careful methods of the past four years, this could not occur, but there are others.

Provided we were certain of success at law in expelling this class of risks, litigation is an undoubted injury to an Insurance Company and this is particularly true in one like our own of a Fraternal character.

It certainly requires no great degree of intelligence to appreciate the injury such cases as this do to each member of our Society, as well as to the prestige of the management of the Order.

Pardon me in again calling attention to the interference of members and Courts with your medical work. This year more pronounced abuses of this kind have occurred, and it is unpleasant to be the recipient of these attacks.

Such behavior is a reproach to the high standard that the reputable ladies and gentlemen of this Order are endeavoring to maintain in conjunction with your High Standing Committee.

Personally, I wish to assure these belligerents that conduct suggesting the possession of ordinary fairness and intelligence would prove of greater service, and, I may be permitted to add, that any other course is wasted upon the present incumbent of the position of High Medical Examiner.

It matters not what the influence or connections of an Examiner may be, no one from the highest to the lowest in your Medical Department is exempt from the enforcement of the rules where the successful maintenance and future prosperity of this Order is involved.

We owe a duty to the widows and orphans of our deceased members, greater and higher than friendship to any past, present, or future Medical Examiner of this Society.

In conclusion, ladies and gentlemen, may the absolutely honest and consistent management in vogue in your Medical Department continue; may that ready acquiescence of the High Standing Committee in the rejection of their friends and relatives, extend to every individual in our Organization.

May you all bear in mind that your duty requires you to uphold your officials in perpetuating the good work we are engaged upon, that you may suppress those unhappy elements of discord that are unfortunately our inheritance, that you bear in mind there are two sides to all questions, and may you by your fealty and devotion to principle continue the Massachusetts Catholic Order of Foresters in its career of success and honor as the leading Insurance Society among the Catholic people of the Commonwealth of Massachusetts.

FRANCIS J. McQUEENEY, M. D.,

High Medical Examiner.

On motion of Bro. Robert Dwyer of St. Michael Court No. 70, seconded by Dr. Julius D. Werner of Germania Court No. 93, the report of the High Medical Examiner was accepted.

On motion of Bro. John J. Slavin of St. Catherine Court No. 62, the report of the High Medical Examiner was ordered printed.

The High Court Chaplain, Rev. James H. O'Neil of Rockland, was then presented and addressed the Convention in part as follows:—

## ADDRESS OF HIGH COURT CHAPLAIN

Rev. JAMES H. O'NEIL,

AT THE MORNING SESSION.

---

We have gathered here this morning to deliberate on the interests of 17,000 Foresters. It is well that we begin our labors by invoking the Spirit of Wisdom, the Holy Ghost and beseeching Him to direct our thoughts and acts in a way that shall be conducive of the greatest good to the greatest number. We begin with God on whom we rely, realizing that "Unless the Lord build the house they labor in vain who build it; unless God blesses our deliberations they will come to naught." Our great Archbishop has blessed us and prayed that our ranks would grow till they were numbered not by the thousands, but by the hundred thousands. It is a pleasure for me to be here to-day as your Chaplain, to do all in my power to advance the interest of Forestry.

During the past year we have made wonderful progress; and let me say to you that under God's blessing, the chief cause of this wonderful advancement has been the self-sacrificing labor of your High Standing Committee. I have labored with them, going from place to place; I have sat at the council table with them, and under all circumstances they were men—Christian men—who edified me a priest, by their zeal, their self-sacrifice and their disinterested efforts in our holy cause. You cannot do better than to re-elect your old High Standing Committee.

One thing in particular comes to my mind at this present moment

and that is the Foresters' Memorial Scholarship at Brighton. We have not as yet fulfilled our promise to the Archbishop, to give him \$5,000 the interest of which is to be used to educate a Forester or the son of a Forester to the Holy Priesthood.

There is yet \$600 due, and I ask as a particular personal favor that the Convention will not adjourn until some action is taken to meet this honest debt. As a matter of justice we owe this to our Archbishop, who for the past two years has been educating a Forester on a fund that is not yet fully paid.

In conclusion let me say to you: let your deliberations be marked by a spirit of moderation, truth and charity. It is but natural that delegates should view the various questions that will come before them in various and different lights, but in all things let us use charity; remember it is one of the cardinal virtues of our grand Order.

God speed you in your deliberations, and may His Spirit direct us all in the way of Christian manliness.

## NOMINATION OF OFFICERS.

The High Chief Ranger then stated that nominations for officers was next in order, as it was desirable to have the nominations made before the recess for dinner, so that the ballot might be printed to conform to the Australian system.

Bro. Peter F. Ward of Pinehurst Court No. 167 placed in nomination the present High Chief Ranger, Bro. Daniel A. Cronin of St. Joseph Court No. 11, saying: "That he made a record during the past year that he might well feel proud of, for surely the Organization is, and he is deserving of a second term." The nomination was seconded by Mrs. Joanna V. Doyle of St. Valerian Court No. 111.

On motion of Bro. Mulcahy of St. John's Court No. 23, seconded by Bro. Farrenkopf of Sherwood Court No. 8, nominations for High Chief Ranger were closed.

Bro. Patrick J. Sullivan of Geo. Washington Court No. 85 placed in nomination for the office of High Vice Chief Ranger the present incumbent, Bro. Timothy B. Reardon, paying a deserved tribute to his work as a member of the High Standing Committee. The motion was seconded by Miss Catherine T. Leonard of St. Valerian Court No. 111.

Bro. John J. Slavin of St. Catherine Court No. 62 presented the name of Bro. Charles B. Dunn of the same Court for the office of High Vice Chief Ranger, the motion being seconded by Bro. James Grant of St. Raphael Court No. 26. There being no further nominations the High Chief Ranger then declared nominations for High Vice Chief Ranger closed.

Miss Grace M. Reardon of Mt. Carmel Court No. 148 presented the name of Major John J. Leonard for re-election as High Secretary-Treasurer, and the nomination was seconded by Sister Catherine Broderick of Our Lady of Lourdes Court No. 143, and Bro. Dennis D. Driscoll of Americus Court No. 34.

Bro. Thomas F. Tremble of Americus Court No. 34 presented the name of Bro. Dennis D. Driscoll of the same Court for a second term as High Outside Sentinel, the nomination being seconded by Sister Katharine Keefe of Isabella Court No. 112 and Henry F. Purcell of Americus Court No. 34.

On motion of Bro. C. J. Farrell of Springfield Court No. 104, seconded by Bro. Bowman of Wakefield Court No. 161, the nominations for the several positions on the High Standing Committee above named were ordered closed.

Next in order were nominations for the position of High Medical Examiner, and Capt. Jeremiah G. Fennessey named the present incumbent, Dr. Francis J. McQueeney, which was eloquently seconded by High Court Chaplain Rev. James H. O'Neil and also by Mrs. Mary A. Carney of St. Rose Court of Brockton.

Dr. William Johnston of Norfolk Court No. 145 presented the name of Frank Donahue for High Medical Examiner; a question arose as to whether Dr. Donahue was a member of the Order or not. Bro. Thomas F. Kelley of St. Jerome Court No. 113 stated that Dr. Donahue had taken a withdrawal card from that Court and the High Chief Ranger decided that he was not eligible for election.

On motion of Bro. Edward A. Dever of Mt. Pleasant Court No. 20, seconded by Bro. Dunn of the same Court, nominations for the position of High Medical Examiner was closed.

The High Chief Ranger announced that nominations were next in order for the position of High Court Chaplain, and Capt. Jeremiah G. Fennessey of St. James Court No. 54 presented the name of Rev. James H. O'Neil, and the nomination was seconded by Bro. James D. Grant of St. Raphael Court No. 26.

Bro. Grant of St. Raphael Court No. 26 then moved that the High Secretary-Treasurer cast one ballot for the positions of High Chief Ranger, High Secretary-Treasurer, High Senior Conductor, High Junior Conductor, High Inside Sentinel, High Outside Sentinel, High Medical Examiner, High Court Chaplain.

Bro. Thomas F. Tremble of Americus Court No. 34 asked why not include all the present members of the High Standing Committee in the motion. Bro. Patrick A. Daley of Bass River Court No. 30 spoke in the same direction. The High Chief Ranger then declared that it would be necessary to ballot.

Bro. James D. Grant stated that he did not include the position of High Vice Chief Ranger in his motion, because there were two contestants for the position, whereupon Bro. Charles B. Dunn of St. Catherine Court No. 62 withdrew his name for the position of High Vice Chief Ranger.

Bro. Grant then moved that the High Secretary-Treasurer cast one ballot for all the officers of the High Standing Committee.

Objections were offered by Dr. William Johnston of Norfolk Court No. 145 and Bro. Timothy J. Mahoney of Iona Court No. 10, and after being discussed by Capt. Jeremiah G. Fennessey, Brothers Maurice Dinneen of Lepanto Court No. 142, Thomas G. Farren of Cheverus Court No. 6, Patrick H. Shea of St. Alphonsus Court No. 21, John J. O'Hare of Bunker Hill Court No. 126, James D. Grant of St. Raphael Court No. 26, Martin J. Hambery of Sarsfield Court No. 48, the High Chief Ranger ruled that it would be necessary to ballot.

The High Chief Ranger then announced nominations in order for Corporation Counsel, and Bro. Michael F. Ward of Canton Court No. 67 presented the name of Bro. Bartholomew R. Doody of Canton Court No. 67 for the office, seconded by Bro. Robert H.

Sheehan of Avon Court No. 86 and Bro. Peter F. Ward of Pinehurst Court No. 167.

Bro. Charles H. Tighe of Cathedral Court No. 1 presented the name of Bro. Joseph A. Sheehan of his Court for the office of Corporation Counsel, and it was seconded by Bro. James T. Riley of Constantine Court No. 49.

## ADDRESS OF REV. JAMES H. O'NEIL, H. C. C.

AT THE AFTERNOON SESSION.

---

Before leaving you, as my duties call me home at this hour, permit me to call your attention to a few matters of importance to our Order.

The opening of our Convention is always by a High Mass, offered for the repose of the souls of our deceased members. Our obligations as Foresters do not cease with death. Our charity and fraternity should bring us over the grave, and cause us to follow in prayer the souls of our brothers. Therefore it is to be hoped and expected that all delegates should attend this Mass, and another year I look for a great improvement in this respect.

Another thing: see to it that all individuals who ask to be Foresters, shall be practical Catholics. We are a Catholic organization and our faith is our foundation. The better we exemplify our holy faith by obeying the Church law, the nearer we come to fulfilling our duties as Foresters.

Any individual who is not true to his faith and its holy teachings, will not make a good Forester and no fit associate in any great order.

Again I appeal to you with all the earnestness of which I am capable, to meet your honest obligation in the matter of Scholarship.

With these few words I would wish you all good night and God bless you.

Col. Thomas F. Doherty, Past High Chief Ranger, made a few remarks, congratulating the Order upon its work during the past year.

The result of the ballots for Corporation Counsel was then reported by the Committee as follows:—

Total number of votes cast.....	299
Necessary for a choice.....	150
B. R. Doody receiving.....	206
Joseph A. Sheehan.....	92
J. J. McCarthy.....	1

And the Chair declared Bro. B. R. Doody Corporation Counsel for the ensuing year. On motion of Bro. Sheehan of Cathedral Court it was moved that the vote for B. R. Doody be made unanimous.

On motion of Bro. E. A. Dever of Mt. Pleasant Court No. 20, seconded by Bro. T. J. Dunn of the same Court, the reading of the report of the Committee on Constitutional Amendments was resumed by Bro. Fennessey.

# REPORT OF THE HIGH SECRETARY-TREASURER,

FOR THE YEAR ENDING DECEMBER 31, 1902.

*To the Representatives of the Massachusetts Catholic Order of Foresters, assembled in the Twenty-Fourth Annual Session of the High Court, April 22, 1903.*

## REPRESENTATIVES:—

In accordance with the provisions of Section 6, Article VII, of the High Court Constitution, I have the honor to submit for your consideration a detailed statement of the business transacted by the High Standing Committee and this office for the year ending December 31, 1902.

The High Standing Committee have held forty-three, (43), meetings during the year, with an average attendance of 84 per cent. In addition to their attendance at regular meetings, the Committee have, as a body and as individuals, made two hundred and fifty-three, (253), visits to one hundred and thirty-seven, (137), Courts of the Order, and to attend their duties it was necessary to travel thirty-five thousand four hundred and seventy-four, (35,474), miles.

The enthusiasm of your High Standing Committee and their zeal and fidelity in the discharge of their many duties have done much to bring about the excellent results credited to the work of the Order for 1902.

The Order has been benefited exceedingly by the careful forethought, prudence and conservative judgement of your esteemed High Chief Ranger, Bro. Daniel A. Cronin, and his associates of the High Standing Committee will ever cherish in fond remembrance his universal kindness to them and the privilege that was theirs to serve with him as their chief executive and leader.

The average age of the applicants admitted in 1902 was 31 years.

The aggregate age of 17,789 members of the Order was 689,541 years, and their average age was 39.32 years.

Middlesex Court No. 60 of Newton had the largest increase in membership, showing a net gain of 60. The other Courts of the Order that had a net gain of 20 or more are as follows: Merrimack Court No. 72 of Haverhill 43, St. Thomas Court No. 29 of Brockton 41, St. Matthew Court No. 122 of Natick 40, St. Rose Court No. 102 of Brockton 38, Father McNulty Court No. 179 of Brockton 33, Leo Court No. 5 of East Boston 32, Mt. The largest increase in membership in any one locality comes from the City of Brockton, with a net gain of 161, and other localities that had a net gain of 20 or more during the year were as follows; Springfield 137, Boston proper 91, Holyoke 75, Newton 66, East Boston 46, Roxbury 46, Haverhill 43, Salem 42, Lynn 40, Natick 40, Watertown 38, Jamaica Plain 34, Dedham 34, Abington 31

Charlestown 30. Stoughton 28, Quincy 26, Dorchester 25, New Bedford 24, Neponset 23, Somerville 21 and Malden 21.

A noticeable fact in the increase in many localities is the admission of children of members, which is a step in the right direction for the perpetuation of the Order and should be given every encouragement.

The table of membership by Courts on page 26, indicates the membership January 1, 1902 and 1903, with the gain or loss in each Court, and to it your attention is respectfully called.

#### FINANCES.

The entire receipts of the Order come from the Subordinate Courts excepting the interest on the daily balances. The system of sending statements of the receipts semi-annually to the Treasurers of Courts was continued last year with good results, and cannot help but be useful as an audit of the receipts.

If all supplies, which include benefit certificates, pins and buttons, could be ordered through the Financial Secretaries of their Courts and the money transmitted through the Treasurers like other funds, it would be possible to perfect the system of accurate auditing.

On page 11 will be found a statement of payments to this office from each Court on account of the different funds, and it is respectfully suggested that the officers and members of each Court scan them closely as to their correctness. In Courts where all payments have not come through the Treasurers, the supplies and total payments would exceed the footings of the Treasurers books.

On page 21 the report of the Trustees of the Emergency Fund is given, showing the total amount in this fund to be \$102,722.29.

The General Fund balance on hand January 1, 1903, amounted to \$8,724.49 which was \$2,471.03 greater than on January 1, 1902. The expenditures exceeded those of 1901 by \$1,171.25, the principal item being the Scholarship Fund; the net amount paid on account thereof being \$540.48. The item of Scholarship Fund in the receipts on page 16, \$38.75, is money which was received after payment had been made to the Archbishop of Boston.

For a detailed statement of receipts and expenditures see pages 16 to 20 inclusive.

## MORTUARY FUND.

The balance in the Mortuary Fund January 1, 1902 was \$15,986.83.

The number of Mortuary Assessments during the year was nine.

The Assessments were Calls 182 to 190 inclusive,

yielding the sum of - - - - - \$172,259.90

The interest on the daily balances amounted to - - - 364.87

The total receipts, including the balance on hand,

amounted to - - - - - \$188,611.60

The total payments were - - - - - 160,708.34

The balance to credit of the Mortuary Fund on January

1, 1903 was - - - - - \$27,903.26

The liabilities were eight whole Mortuary Benefits, and

fractions of six others, amounting to - - - 9,450.28

The net balance amounted to - - - - - \$18,452.98

The amount collected on the last assessment of the year, on Call 190,

was - - - - - \$19,889.60

The average cost of insurance per member last year was - \$10.10

## DEATHS.

The number of Mortuary Benefits unpaid January 1, 1902, was eleven and fractions of four others. The number of deaths that occurred during the year was one hundred and fifty-eight. The Mortuary Benefits paid during the year was one hundred and fifty-eight and four part payments. There were unpaid January 1, 1903 eight Mortuary Benefits and fractions of six others.

The average time of payment of the Mortuary Benefits paid in 1902 was seventeen days and fifteen hours. The longest period between death and the payment of the claim was nine months and ten days. The shortest period was ten hours. Ninety-three Benefits were paid on the same days that the certificates were received. Thirty-seven Endowments were paid before burial and thirty-three others were paid on the day of, or the day after, the funeral.

The average length of membership of members who died in 1902, was nine years, ten months and twenty-eight days, and the average age at death forty-seven years.

One hundred and twenty-five men and thirty-three women died during the year.

Of the unpaid claims January 1, 1902 eight whole and six fractions, four were awaiting settlement of beneficiaries, five were awaiting guardianship papers; in four the whereabouts of beneficiaries were unknown and in one the beneficiary was in Ireland.

The system of sending circulars with each Assessment Call was continued throughout the year and gave universal satisfaction.

Much interest has been taken by many Courts in the formation of Degree Staffs, the officers committing their part of the Ritual to memory. These features are noticeable to visitors and are commented on in favorable terms. It is particularly desirable that all Courts of the Order should take up this work, and it cannot help but result in carrying on the work of Subordinate Courts with dignity and decorum.

Courts whose members have given so much of their valuable time to perfect themselves in Degree work richly deserve our thanks for the excellent exhibitions given at the installation of officers and the initiation of candidates in various sections of the State.

Our relations with the Insurance Commissioner and the Treasurer of the Commonwealth of Massachusetts, the latter being the custodian of our securities, have been very pleasant, and could not be otherwise in the case of an Organization that carefully complies with the Laws of the Commonwealth.

The Order has the confidence of the people wherein its labors have been felt, and it simply needs that same hearty co-operation on your part that was given by your predecessors, and it will continue for many years to come, as one of the safest and most conservative Insurance Organizations doing business in this good old Commonwealth.

Kindly appreciating the many courtesies extended to me by the High Standing Committee, Deputy High Chief Rangers and Officers and Members of Subordinate Courts generally, this report is,

Respectfully submitted,

JOHN J. LEONARD,

*High Secretary-Treasurer.*

## ADDRESS OF HIGH COURT CHAPLAIN

Rev. JAMES H. O'NEIL.

---

God in his Mercy has brought us together yet once more for our Twenty-Fourth Convention. Twenty-four years have rolled away since the Order began to do its noble work among the Catholics of the State of Massachusetts.

A retrospective glance over these 24 years shows us a continuance of good works and a fidelity to principles of which any body of individuals might well be proud. Like all organizations founded by man, it has had its reverses. The sunshine of prosperity has on some occasions been obscured for a time by the clouds of adversity.

But the courage of the soldier is tested only in battle. The Dopling takes deeper roots from the winds that drive against it. So our noble Order has come forth from these difficulties with renewed valor and strength. To-day it is a model to others and the strongest mutual insurance society doing business in this State. Its venerable founders had seen the necessity of such an organization for the Catholics of this Commonwealth.

The weakness of man and the fact that he is at the mercy of external accidents, were apparent to them. Man is helpless in a selfish world, in a world where every man is for himself and forgetful of others. While health and strength are his, while by the most careful exercise of prudence and self-sacrifice he might for a time avoid the accidents of life and be happy, there will come to him some day a trial that will make him seek for some support whereon to rest and hold himself together. This has ever been the experience of men, and herein find the reason why the individual man of necessity must unite with his fellow-man, with identical interest in a company, a society seeking the strength that does not exist in self alone. This has ever been the reason why men sought unity and union with their fellow-men, and assistance whereby they might be able to bridge over the rough way of life. This was the reason that animated men from the beginning in founding societies, unity and

fraternity. This thought animated our founders; this was their purpose, and they thought they might bring into a body of individuals, unity and fraternity, and join the whole with the golden bonds of true christian charity. The watchwords, the very foundations of our organization, are unity, fraternity and true christian charity. This is our motto engraved on our banner, but more deeply on our hearts; yes! they are in our hearts; they mean something for us; for us who are united in religion, united in interest we have the same needs and are surrounded by the same difficulties and danger. We are united as bretheren, we have fraternity and what we may and believe to be the most precious of our jewels, we have for one another a true lively ever ready willingness to assist, comfort, to console and aid, in a word, we have a true christian charity, yes! the history of our order bears witness, every page of her records show forth some deeds of kindness, some exercise of her charity and love. But where is this more evident than in her thoughtfulness of and consideration of the widows and orphans of her deceased members. When God in His Providence calls the loved member from life, very often there are left these who were dependant on him for their support. He is taken from them and in a selfish unchristian world where to be poor is to be dispised, they find themselves as helpless and as unprovided for as if adrift in the ocean or marooned on a desolate island. Indeed there is no one to be interested in them, no one to care for them, they are alone in the world, though men and women are about them, etc., etc. But not so with the families of one who was a member of our benevolent Order. Immediately their is sympathy that goes fourth to the family of one where sympathy would have been ours had conditions been reversed. Our aid is extended and their bereaved mother and wife is saved the double pang of poverty and grief. Oh! how many widows and orphans bless from their hearts our noble Order. God is blessing us and the prosperity that makes our increase, and the good we are doing has won for us the approval of man and the blessing of God. Go on in your good work and generations yet unborn will arise and cry out to the world, blessed be the Massachusetts Catholic Order of Foresters.

The Committee on Credentials, through Chairman Bro. James J. Lanigan, reported for the Committee as follows :—

The Convention is entitled to 374 delegates representing 180 Courts. The Committee find 129 Courts represented by 282 delegates, and the report of the Committee was accepted as progressive.

## ADDRESS OF HIGH CHIEF RANGER

DANIEL A. CRONIN.

*To the Officers and Representatives of the Massachusetts Catholic  
Order of Foresters in Convention assembled.*

### REPRESENTATIVES:

We are here today for the purpose of transacting such business as may come before us appertaining to the welfare and advancement of our noble Order. Remember Delegates your Courts have intrusted to you an important duty, that you will faithfully and impartially discharge that duty I have no doubt, as you would an important trust of your own, with fidelity, loyalty and a true spirit of prudence and justice, bearing in mind the importance of a hearty and true submission to the will of the majority.

It is singularly appropriate at this time that the work accomplished by our Order during the past year should be reviewed; it has been from the first a most energetic active body, holding true to its mission mapped out by its founders, and time has but reinforced its claims to consideration and respect upon the part of the public, and to the affection of those participating in the benefits of membership.

## MEETINGS.

During the year we have held forty-three meetings, attended sixty public meetings and one hundred and ninety-three meetings held by single Courts. The meetings have been well attended and your Committee desire to return their sincere thanks for the co-operation and courtesy they received from the members of the Order in all parts of the State.

The following Courts have been instituted since our last Convention:

191 Fr. Roche Court of Abington, inst. Sept. 19, 1902, 16 members.

192 Holy Cross Court of Worcester, inst. Feb. 22, 1903, 26 members.

193 Fr. Keyes Court of Somerville, inst. Apr. 16, 1903, 16 members.

The membership of the Order January 1, 1902, was 16,296. composed of 11,935 men and 4,361 women.

The membership January 1, 1903, was 17,789. Net gain 1,493 or about nine and one-fifth per cent., composed of 12,642 men and 5,147 women; the number of deaths in 1902 was twenty-three less than during the year 1901, although the membership of the Order was increased by 1,493 or over nine per cent., showing conclusively the excellent condition of the Order, due in a large extent to the able supervision of our Medical department by our High Medical Examiner, Dr. Francis J. McQueeney.

The number of applications received since January 1, was 985, of this number 836 were approved.

The number of candidates initiated up to April 21, 1903 was 776; the number of deaths, suspensions and resignations 115, which would make the present membership 18,450 or a net gain of 661 since January 1, 1903. The net gain since the last Convention was 1,530 members.

## EMERGENCY FUND.

I am pleased to inform you that our Emergency Fund has passed the \$100,000.00 mark, and April 1st amounted to \$103,690.58 invested in mortgages at average rate of about five per cent. The future of the Order is assured by the timely creation of this Fund. The High Secretary-Treasurer who is clerk of the Trustees will furnish a statement in full concerning the Fund.

TO CELEBRATE THE 25th ANNIVERSARY OF THE ORDER IN  
SOME SUITABLE MANNER.

This matter was referred to the present Executive Council to report to this Convention, manner and form of celebration, and they respectfully report as follows : —

The Committee after several meetings decided that the most expedient as well as practical way to celebrate the Twenty-Fifth Anniversary of the Order would be by holding a reunion to be followed by a grand concert and ball, afternoon and evening, in Mechanics Building, Huntington Avenue, Boston, the day following the next Annual Convention of the Order.

We further recommend that a souvenir in the form of a history of the Order, be prepared and presented to each person attending.

For the purpose of defraying the incidental expenses in connection with the celebration we recommend that the sum of \$1,500.00 be set aside from the management Fund, and that the management and control be vested in the incoming Executive Council.

The arrangements might be to hold a grand concert befitting the occasion during the afternoon for such men as could attend, but principally for the women and children from 2.30 to 5.30 o'clock. There might be an address also. The evening exercises to be opened with an appropriate address to be followed by a grand concert and ball.

At our last Convention I recommended to your Honorable Body the feasibility of securing a building of our own in some central section of this prosperous City. The matter was referred to the incoming Executive Council. Your Secretary-Treasurer and myself were appointed a sub Committee to look into the matter, but as yet have not been able to secure such a site as we believe suitable for our Order. There is money enough or soon will be, to carry out the project handsomely, and care is being taken that no false steps are made. Nothing has been definitely decided upon as yet, and I respectfully suggest the matter be referred to the High Standing Committee for further consideration.

## SCHOLARSHIP.

It gives me great pleasure at the end of my term of office, to announce to you that the Scholarship begun under Col. Doherty has been entirely paid for. FIVE THOUSAND DOLLARS has been placed in the hands of Most Rev. J. J. Williams, Archbishop of Boston, and the income of the sum will forever be used to educate a Forester or the son of a Forester to the Holy Priesthood. What a good work! What a fitting memorial to our great Order! What nobler expression could we give of the loyalty of our Faith in Holy Mother Church! What stronger testimony that we are in deed and truth, Catholic Foresters!

As we continue to grow and spread out, enlarging our circle of usefulness, the significance of this Scholarship will become yearly more apparent and the good that shall come to our Order by furnishing the means to educate a young man for the Holy Priesthood will win for us the approval of all thinking men, and bring to our Order a hundred fold of Heaven's blessings; and here let me state to you that we owe to our Reverend Chaplain, Father O'Neil, our hearty gratitude, for from him came the first suggestion and to his untiring labors, with God's blessings, the successful completion of this work.

It may be well to remember that the Scholarship will entitle any member of the Order or the son of a member, to a full course of studies in St. John Seminary, Brighton. The competitors shall have completed their classical course satisfactory to the Archbishop, bring testimonial letters of good character from their Pastors, and have the regular examination before the Diocesan Board of Examiners. The one securing the highest percentage will be awarded the Scholarship. The student who now enjoys the benefits of this Fund will be ordained in June, and a new candidate will be chosen next August. The notice of examinations will be sent to all the Courts by the High Secretary-Treasurer before the date. In case where two or more contestants presents themselves, some having studied philosophy at college, and others not having seen that branch of study, the award will be made only on matter studied.

## DEGREE STAFFS.

During the year there has been several degree staffs formed in the various Courts; they are chiefly composed of young men who are giving considerable of their time and energy for the good of the Order, and should be commended for their excellent work.

Before closing I desire to once more sincerely thank all the members of the High Standing Committee for the loyal service they have rendered the Order during the past year.

It naturally occurs to me that were the Order as familiar with their work as I am, delegates would hesitate before changing a single member who desires to serve.

You will pardon me when I remind you that you should keep your Committee up to the highest standard obtainable, and this you have to a marked degree in your present Committee.

I think the Order can congratulate itself for its good fortune in having such an able, kind and considerate gentleman, as Maj. Leonard High Secretary-Treasurer. Through his able report to the Insurance Commissioner he has made our Order the model Order of the State, and placed us in the foremost rank of Fraternal Beneficiary Societies. We should be ever grateful to him for this service. In Dr. McQueeney the Order has also an able, just, and fearless Examiner; qualities in my judgement essential for the proper protection of the Order, and we are benefited beyond our conception by his able supervision of applicants. Let us show our esteem for his worth by a handsome endorsement.

As I told you last year the efforts of the Committee have been directed to building up the weaker Courts, and we have been successful to a marked degree. I believe the time has come when we should do something to build up our Order in the City of Lawrence with a population of 63,000 we have but sixty-three members. Lowell with a population of 100,000 has none and Fall River with a population of 106,000 has but seventy. We should have 300 members in these three cities.

While I am opposed to the general extension of the Order outside the State, in as much as we have a Court in Providence, St. Wilhelm

No. 146, with forty-four members, I do think it would be expedient to establish a women's Court there also, with a possibility of forming a Court in Pawtucket as well as Newport; these places have large Catholic populations and are much more convenient to Boston than many places in our own State.

There are but few matters presented for your consideration showing the general good feeling of our members. To discuss such matters candidly is our privilege, and to yield a cheerful compliance to the majority, our duty. By observing this rule, we will cement more firmly the bond of Unity and receive the blessing of a loving God.

I thank you for your attention.

I now declare this meeting open for its appropriate business and the dissemination of Fraternity, Unity and True Christian Charity.

DANIEL A. CRONIN,

*High Chief Ranger.*

Brother D. D. Driscoll moved that the recommendations of the High Chief Ranger be referred to a Committee of five, with instructions to report back to this Convention this afternoon. Motion was seconded by Andrew Golding, of Cheverus Court No. 6.

The Chair then appointed the following members to constitute the Committee of five:—Dennis D. Driscoll, Peter F. Ward, J. Henry Hemphill, Mrs. Mary A. Carney and Eugene E. McCarthy.

## REPORT OF HIGH MEDICAL EXAMINER

Dr. FRANCIS J. McQUEENEY.

BOSTON, MASS., APRIL 22, 1903.

I am again permitted the honor of presenting before this annual gathering of Delegates to the Twenty-Fourth Convention of our Order a report of the doings of the Medical department for the past year.

Our corps of Medical Examiners during the year have decreased in numbers from 93 a year ago to 91 at the present time.

Regretfully, I have the unpleasant duty of reporting to you the loss by death of Drs. O'Toole and Boody, two of our Medical Examiners, one of whom was a member of our Society.

Dr. James H. O'Toole of Charlestown, a member of Cheverus Court, was a gentleman whose integrity, extreme carefulness in his work, and his devotion to duty in our Order deserves special mention. His death due to heart disease was unexpected; he was about his professional duties, working early and late, as the labors of a physician demand, and his loss is to be regretted by our Society. Regarding the death of Dr. Charles H. Boody of Wayland, permit me to quote from the letter of the Court notifying us of his decease. "We have lost our Medical Examiner. He was a man of high character, although not a member of our Order. He is mourned by all Protestants and Catholics alike. His services to the poor were invaluable. Shortly before his death he had the bills of the poor who were unable to pay crossed off his books." No greater eulogy is needed except to add that he faithfully did his duty to our Order.

The vacancies caused by the loss of these gentlemen were filled by the appointments of Dr. Joseph A. Cogan of Boston, and Dr. Joseph E. McDermott of Charlestown, and the assignment of Court No. 117 to Medical Examiner Michael F. Burke of Natick.

The remaining vacancies due to resignations were assigned to Medical Examiner Gallison of Franklin and Dr. E. A. Ludden of North Brookfield.

No departure from the commendable practice of previous years was made in the appointments for the newly organized Courts, the positions having been filled by the selection of old Examiners. The Court in North Abington was assigned to Dr. F. J. Hanley, the one in Worcester to Dr. John T. Duggan and in Somerville to Dr. Charles E. Mongan.

The High Standing Committee are fully aware that their peace of mind could be more easily maintained by the distribution of Examinerships among the medical friends of our members but fortunately for the continued life of the Order, your selection of the Committee has generally consisted of gentlemen whose honor and pride in their work and fidelity to your interests have been a protection to your Organization.

We have paid during 1902, 161 death claims, twelve less than last year, an unusual and very encouraging happening with our increasing membership. The average age of the deceased was about 47 years and their average length of membership in our Order about ten years.

In connection with this subject permit me to call your attention to the fact that this year, up to April 20th, the number of deaths is 17 per cent. lower than 1902 and 46 per cent. less than in 1901.

One of the most gratifying occurrences in our death rate is the decrease in the number of losses from Consumption. In this classification are included Bronchitis, Asthma, etc. for obvious reasons.

The deaths, therefore, of only 26 members from this disease contrasted with the loss of 38 last year is excellent. Six deaths, a similar number as in 1901 occurred among women, and only twenty deaths among the men, the gain being confined to the latter.

In Pneumonia, as in the previous years, we have the second highest cause of death, five women and nineteen men, a total of 24, two less than in 1901.

Diseases of the heart rank third, and this year we have the same peculiar happening as last year, the deaths being confined to the men, a total of 21, an increase of two.

Cancer of various organs and accidental deaths come fourth occasioning a loss of fifteen members in each class.

Cancer fortunately this year has six deaths less than the previous year, a total of five women and ten men. In Insurance Circles great alarm has been felt the past two or three years at the apparent increase of this fatal disease in men, and a word of warning may be of service owing to pipe smoking, the mouth and its connecting viscera are most often invaded; over half our cases occurring in these parts.

In the deaths due to accidental causes we have an increase of three over the preceding year. Three women and twelve men, and in losses due to accidents we are fortunate the rate is not higher owing to the occupations of many of our members.

Diseases of the Brain are the fifth highest cause of death principally due to Apoplexy, but the number in this class is the same as last year fourteen, two women and twelve men.

Abdominal diseases, including four cases of Typhoid Fever, rank next with twelve deaths all confined to males.

Brights Disease follows in the seventh place with the loss of three women and eight men a total of eleven, two less than in 1901.

Unclassified causes of death lost us two women and seven men a total of nine. Four of these deaths were due to diseases of the nervous system. Two were obscure causes that I was unable to have made clear.

Through Maternity and its complications, I regret to record the loss of five mothers. Deaths as unavoidable as they are pathetic.

Diseases of the Liver and Stomach follow next entailing the loss of two women and four men.

In previous reports reference has been made to habits and the part they play in causing the loss of many of our members from the above diseases.

Small Pox is the cause of our losing two members; the case of one is referred to later on, the other was hastened by complications. There is no disease to-day that is easier to avoid causing death than Small Pox, provided one is recently vaccinated, as the latter is perfectly safe and at the disposal of every person often without expense.

During the year 1902 our Society has had 2,331 applications for membership, and of this number 382 were rejected; 169 women and 213 men, for the following reasons:

	Women.	Men.	Total.
Age above limit - - - - -	29	32	61
Disease of the Heart - - - - -	22	28	50
Poor personal condition - - - - -	19	29	48
Diseases of the Lungs - - - - -	17	25	42
Diseases of the Kidneys - - - - -	19	18	37
Poor family history and personal condition	17	12	29
Under and over weight - - - - -	16	5	21
Alcoholic habits - - - - -	4	14	18
Postponed till thirty years of age - - -	5	9	14
Diseases of the Liver - - - - -	9	4	13
Refused to complete examination - - -	4	7	11
Alcoholic habits and hazardous occupations		9	9
Hernia - - - - -		8	8
Refused to become vaccinated - - - -	4	3	7
Poor family history - - - - -	2	4	6
Defects, hearing, eyesight, etc. - - -	1	2	3
Rejected by Investigating Committee -	1	2	3
Hazardous Occupations - - - - -		2	2
	169	213	382

It is interesting to observe that each year the number of rejections run nearly alike in proportion to the number of applications, with few exceptions, and these latter are unnecessary as has been pointed out before.

During the year 1901 the percentage of rejections to the whole number of applications was 16.7 per cent. and during this year the percentage is 16.4 per cent. a difference of only three-tenths of one per cent. in the two years.

Why applicants will give their ages incorrectly at an expense to themselves of \$2.00 is unexplainable. The same criticism may be applied to the errors given intentional or not about their family and personal history.

Proposers surely should know something about applicants and the falsity of their statements in regard to age at least. Reports constantly reach our office certifying to the correctness of the latter when variations of from two to twelve years occur.

Out of the eighteen classified causes of rejections enumerated above there is a diminution in eight from last year. In age alone there is an increase of nearly one-third more rejections, this year double the number in poor family history and poor personal condition, and nearly the same increase among applicants who had Consumptive parents and are postponed till thirty years of age.

If any one runs away with the idea that there is less vigilance in studying closely our application papers these facts ought to suggest how useless it is to propose these classes of risks.

In accordance with the excellent custom of previous years, I again submit in detail a report on deaths occurring among members two years or less in our Society. This year we record one death less than last year. Among the women six deaths have occurred.

Two of these deaths were due to the dangers accompanying Motherhood. One an acute disease of the Kidneys death following in a few hours, the other from Blood poisoning after an illness of four days, both were members about eighteen months.

Two more deaths were due to Pneumonia, one happening after four days illness and the other six days. Both had excellent family and personal histories upon admission.

The fifth suffered from disease about six months, and my investigation of the case was unsatisfactory, the examiner who advised the risk has resigned.

The sixth and last loss was from an unusual accident due to eating veal death occurring in fifteen hours. A most excellent and detailed report upon the case was very kindly submitted by attending Physician Holland.

Among the men we had eleven deaths, two less than was reported last year.

Two members died from Pneumonia both after a short illness of six days. One was in the Society something over four months and the other thirteen months, both had passed excellent examinations.

One death was due to Small Pox in a young man. Our former Examiner reported the applicant as having been vaccinated at the time of admission but the attending Physician could not verify that fact.

Another loss was caused by the death of a member from Typhoid Fever after two weeks sickness. This man's father and mother and seven brothers and sisters were living.

Three deaths were due to Consumption, two of these losses might have been avoided, both were young men, in one case all the family are living, in the other, all the brothers and sisters are alive. One case to quote from the report of our Examiner upon the death was that of a man "burning the candle at both ends," working at his trade all day and engaged at night in a dangerous and exposed occupation, a fact unknown to our Examiner and that the Doctor states would have caused him to advise against the admission of the applicant.

The second case was an applicant who had been examined the latter part of May. At the time the Court was instituted in August he was lying dangerously sick with Influenza Pneumonia at the Boston City Hospital, 72 hours after his discharge "relieved," not cured from the City Hospital he was admitted to our Order suffering from the disease that caused his death ten months and nineteen days after his admission to our Society.

Some one knew these facts, I did not, and in this connection I cannot but call your special attention to the splendid conduct and marked contrast in the action of Father McNulty Court when after

the approval of an applicant, as in the case above, the High Standing Committee were informed of the candidate's illness and we were enabled to save our Order the possible loss of ONE THOUSAND DOLLARS by rejection.

The third case was a man weighing 170 pounds upon admission, with his mother and all his brothers and sisters living and a total abstainer.

In the report from our Examiner he says, "his health was good until he became a bar-tender, neglect brought on Pneumonia, this finally turned into Consumption which was the cause of his death."

The ninth death was sudden the member having been found dead in bed and "natural causes" given as the reason of his decease. Had an autopsy been held it would have afforded our Society a positive cause of death. He was a member about six months, and in the report required from our Examiner he says "I regret very much that there was not an Autopsy as naturally I am confident that it would clear me of any suspicion of carelessness."

The remaining three deaths were due to accidental causes, one a loss by drowning, the second caused by fracture of the spine, in a teamster caught between his team and a door beam, the third and last the cowardly shooting of a Police Officer in the performance of his duty who had been a member of our Order about eight months.

In this resume, we have therefore one death caused by a chronic disease in a woman, and three losses among the men, the remainder were due to diseases of short duration and acute in character, or accidental deaths during the period of two years covered by this report.

A special circular in relation to Vaccination was sent out forbidding the acceptance of unvaccinated persons, and in one case the Examiner resigned because of neglect of this rule.

I again ask you to impress upon the members of the Courts that we cannot pay attention to anonymous communications, every member of our Society should have confidence in our promise of secrecy and sign their names to all letters forwarded to this department

During the year over six hundred letters have passed between the

Medical Examiners and myself, this is certainly gratifying evidence of the great interest taken in our Society by our Examiners. Apart from the time required by the extent of this correspondence is the important fact, that in this work, as in the labors you are all engaged upon, the retention of those in your employ who do their duty is of the greatest benefit to our Order.

We are fortunate in having an excellent and painstaking corps and and their permanency of appointment together with the courageous support afforded them by your Committee should be appreciated.

In exchange for the fee paid by us we are receiving similar service to that costing regular Life Companies one and one half times more for each of their examinations that is expended by our Organization.

Among the old line Insurance Companies one of the dangers that surround their Medical examinations is the influence agents or solicitors may bring to bear upon the Examiner whose living is often times dependent upon their good will or friendship. While the immense assets of these Corporations may easily withstand the results of careless examinations, in our Order a lack of care upon the part of each one of our Examiners with a death within a year would cause a loss of \$90,000 to \$100,000 and the wiping out of our Reserve Fund.

Recognizing this danger your High Standing Committee have on many occasions declined the offer of Physicians to organize Courts, provided they would have control of and conduct the examinations, for the common sense reason that one under such circumstances is not likely to reject people whom he has solicited to become members.

This same reasoning applies to the individual who insists that he should select the Examiner for the Court that he may be organizing.

The Committee, however, are determined in the stand they have taken on these cases, and an occurrence a few months ago has strengthened their position. A member obtained the names of the applicants and the fees for a new Court and because he could not select the Examiner and direct the examinations he returned the fees and cancelled his work of organizing.

Fortunately for our Society a gentleman and a Forester in the same city took up the affair and organized the Court without regard to whom the Examiner was, provided our Order, that Society he has labored for so unselfishly, and not any Medical friend of his was being benefited.

As you are aware, inquiry is always made among the leading Physicians in the locality where we organize new Courts and the selection of an Examiner is based upon these confidential reports that I receive. In the matter referred to above, had obedience to our customs been observed, and less perversity been displayed, the favorable report would have assured the selection of the Physician as Medical Examiner after the formation of the Court.

Undoubtedly the intelligent members of our Order recognize that the work of our Medical department is purely technical in its character. Competent as a blacksmith may be in his vocation his selection to conduct this department would be absurd, and the same is equally true of the Doctor who in his conceit might endeavor to shoe his own horses.

Unfortunately we have members who do not take a reasonable view of this important matter and must either run your Medical department or destroy its discipline, and as usual the Iconoclast is in evidence here as elsewhere.

As referred to in my report last year threats and their accompaniment are absolutely wasted so far as I am concerned.

I beg of you therefore to consider me alone as solely responsible for the management of this technical department. So earnest am I in the fulfillment of this duty, that if my election was dependent upon one vote and that vote to elect could be obtained only by sacrificing these principles I should no longer be your High Medical Examiner.

Regardless of all other considerations I shall advise the appointment of honest and competent Examiners, giving first preference to members of our Society and next to those of our Faith, but under no possible present or future conditions will I recommend those whom I cannot approve of as required by my obligation to the Constitution and the future welfare of the Order.

If the difficult and oftentimes disheartening labors of the office are not performed to the satisfaction of the honest and honorable believers in the application of business principles to the Medical work of your Organization, the remedy and the relief both rest in the hands and upon the Catholic conscience of every Lady and Gentleman in this Convention, representing as you do our entire Society from the Atlantic Capes to the Berkshire Hills, from the Northern to the Southern boundaries of our Commonwealth and constituting that greatly respected and supreme authority the High Court of the Massachusetts Catholic Order of Foresters.

FRANCIS J. McQUEENEY, M. D.,

*High Medical Examiner.*

#### FINANCES.

The entire receipts of the Order come from the Subordinate Courts excepting the interest on the daily balances. The system of sending statements of the receipts semi-annually to the Treasurers of Courts, was continued last year with good results, and cannot help but be useful as an audit of the receipts.

If all supplies, which include benefit certificates, pins and buttons, could be ordered through the Financial Secretaries of their Courts and the money transmitted through the Treasurers like other funds, it would be possible to perfect the system of accurate auditing.

On page 12 will be found a statement of payments to this office from each Court, on account of the different funds, and it is respectfully suggested that the officers and members of each court scan them closely as to their correctness. In Courts where all payments have not come through the Treasurers, the supplies and total payments would exceed the footings of the Treasurers' Books.

From the annual statement on page 16, it will be observed by comparison with the year 1902, that the receipts in the Emergency Fund are greater by \$998.98, the General Fund \$559.11 less than in 1902, and the Mortuary Fund \$4,780.38 less than in 1902. The Mortuary payments were about the same as in 1902, being \$158.32 in excess. The General Fund balance on hand January 1st, 1904, was \$7,193.42, which was \$1,531.07 less than on January 1st, 1903. The expenditures from the General Fund exceeded those of 1902 by \$2,442.99.

For a detailed statement of the receipts and expenditures see pages 17 to 20 inclusive.

On page 21 the report of the Trustees of the Emergency Fund is given, showing the total amount in this Fund to be \$117,686.80.

1903 was . . . . .	\$27,903.26
The number of Mortuary Assessments during year was eight.	
The Assessments were 191 to 198 inclusive, yielding the	
sum of . . . . .	167,117.22
The interest on the daily balances amounted to . . . . .	727.17
<hr/>	
The total receipts, including the balance on hand,	
amounted to . . . . .	\$195,747.65
The total payments were . . . . .	160,866.66
<hr/>	
The balance to the credit of the Mortuary Fund on	
January 1, 1904, was . . . . .	\$34,880.99
The liabilities were five whole Mortuary Benefits and	
fractions of three others, amounting to . . . . .	5,583.62
<hr/>	
The net balance amounted to . . . . .	\$29,297.37

The net balance reported January 1, 1903, was \$18,452.98 so that the net assets of the Mortuary Fund on hand January 1, 1904, was \$10,844.39 greater than at the same date last year.

The amount collected on the last assessment of the year, on Call 198, was \$21,950.50 The average cost of insurance per member last year was \$8.59.

#### DEATHS.

The number of Mortuary Benefits unpaid January 1, 1903, was eight and fractions of six others. The number of deaths that occurred during the year was one hundred and fifty-seven (157). The Mortuary Benefits paid during the year was one hundred and fifty-nine and five part payments. There were unpaid January 1, 1904, five Mortuary Benefits and fractions of three others.

The death rate per thousand on the average membership in 1903 was 8.39

One hundred and thirty-four men and twenty-three women died during the year.

The average time of payment of the Mortuary Benefits paid in 1903 was sixteen and one-half days. The longest period between death and the payment of the claim was one year nine months and four days. The shortest period was ten hours.

One hundred and thirty-six Benefits were paid on the same days that the certificates were received. Sixty-five Mortuary Benefits were paid before burial and thirty-nine others were paid on the day of, or on the day after, the funeral; one hundred and thirty-five were paid within ten days, or an average time of payment after death of three days and sixteen hours, and one hundred and forty-nine were paid within twenty-four days or an average time of payment after death of four days and sixteen hours.

The average length of membership of members who died in 1903 was eleven years six months and four days, and the average age at death forty-seven years.

On the whole the Order can congratulate itself upon its promptness in meeting its obligations to the dependents of its deceased members.

There seems to be a misunderstanding on the part of some officers as to the necessary legal papers required when payment of the Mortuary Benefit is to be made to an administrator executor, guardian or trustee. In all such cases a certified copy of the appointment of such administrator, executor, guardian or trustee should be obtained from the Register of Probate, and filed with the High Secretary Treasurer.

Payment of the benefit will have to be deferred in such cases until after the expiration of the time for filing legal objections to, or taking an appeal from, the appointment of such administrator, executor, guardian or trustee. The justice to the Order of insisting on this feature of the law can be more readily appreciated by citing an instance that occurred during the past year. A guardian was appointed over minor children to whom a Mortuary Benefit

was payable, and a certificate of such appointment was filed at this office. The officers of the Subordinate Court were very much offended because the Mortuary Benefit was not paid forthwith to the guardian, but notwithstanding the appeals made by officers and prominent members of the Court, the High Standing Committee withheld payment. Within the legal time an appeal was taken and objections were filed against the appointment of the guardian originally named, and another was appointed later in her stead. If the benefit had been paid to the guardian first named, the Order would be liable to pay the benefit a second time to the legal guardian, subsequently appointed, and would have to look to the first named guardian for re-imbusement.

Sentiment very often enters into many of the cases at issue where the beneficiaries of the deceased members are minors; but if a member wishes to make the benefit payable to minor children (which the member has a perfect right to do), the safest and the best way, both for the minors and the Order, is to strictly adhere to the legal requirements in making payment of the benefit.

#### ANNUAL REPORT.

The Annual Reports are the official returns of the Subordinate Courts for the year, and the greatest possible care should be taken in preparing them. Generally speaking this is done; but in some cases the reports could be improved very much. These reports are placed on file here and are preserved for future reference, so that the importance of having them correct in every particular can be readily perceived.

The greatest possible oversight should be exercised by Auditing Committees and Deputy High Chief Rangers, in seeing that the accounts, books and vouchers of the Financial Officers of Subordinate Courts are thoroughly examined, and that the balances reported by the Treasurers at the end of the year are actually on hand and available. Financial Officers should offer every courtesy to these officials in conducting their examinations.

During the past year a metallic document filing case has been added to the office furniture, and as a result thereof we are able to report that the applications of our members and their subsequent official records are in a much safer and more satisfactory place for preservation. When properly indexed there will be a permanent system for all time in the handling of these papers. The plan followed is similar to the system of records in our County Probate Offices.

We have been able to present a most satisfactory report of our Order to the Insurance Commissioner of Massachusetts, and in its present condition, the Order has every reason to congratulate itself on its accomplished work since its inception.

With due appreciation of the many courtesies extended to me by the High Standing Committee, Deputy High Chief Rangers and Officers and Members of Subordinate Courts generally, this report is,

Respectfully submitted,

JOHN J. LEONARD,

HIGH SECRETARY TREASURER.

## ADDRESS OF HIGH COURT CHAPLAIN,

REV. JAMES H. O'NEIL.

Fellow Delegates, Brother and Sister Foresters:

Dear Friends—We meet this morning in solemn convention to discuss the vital interests of the Massachusetts Catholic Order of Foresters. We begin these deliberations by offering the Holy Sacrifice of the Mass for our deceased members, and with prayer to our Father in Heaven that He may enlighten our understanding, inflame our hearts and strengthen our wills to do that which is pleasing in His sight, and to advance the grand principles underlying our noble Order: Unity, Fraternity, and True Christian Charity.

The past twelve months have been for our Order a year of wonderful growth in membership, a solid advancement in our finances, and what is most important of all, it has been a year full of good deeds performed for the widows and orphans of the great State of Massachusetts. That the coming year may be marked by solidity of growth in membership, in finances, in good works, is the earnest prayer of your Reverend Chaplain.

As your State Chaplain, it has been my duty and pleasure to perform as well as I might, the sacred obligations of the Priesthood. To my fellow members of the High Standing Committee I would pay that mite of praise which belongs to honest men such as they. For the welfare of this Order, the High Standing Committee have given their best judgment and labor. Night and day they have traversed up and down this State, sacrificing their personal interest and in certain ways neglecting their homes and families, with no compensation save and alone that which comes from the mental satis-

faction of the knowledge of good deeds well done. Your High Chief Ranger, Secretary-Treasurer, and High Medical Examiner, as well as each and every individual member of this board, have to my certain knowledge, made sacrifices for which the Order will never be able to recompense them. It would be presumption on my part to tell you delegates here assembled, who shall direct your affairs for the coming twelve months, but I will say this without fear or favor, that in the history of this Order, no more worthy High Standing Committee has ever held the responsible position, and the greatest blessing I could wish the Order today is, that it may ever have at its head as capable and zealous men to guide its destiny, watch over its growth, and extend to the utmost limits of our great Commonwealth the blessings of Catholic Forestry.

Today there will come before this honorable board subjects of vast importance, matters grave and weighty, and you will be called upon to decide them. Let your deliberations and your words be marked by that Christian moderation that should ever direct your thoughts and guide the tongues of Catholic men and women. Ladies and Gentlemen, you may disagree on many things. Give each of the matters honest, Christian and manly thought, and yield to each a willing compliance to the vote of the majority, so that when we go to our homes tonight and the Foresters' Convention of the year 1904 has passed into the history of our noble Order, there may be no individual regrets; that the virtue of Charity shall not have been marred and the bonds of Fraternity and Unity may be strengthened in all.

During the past year it was our privilege to call your attention by a circular letter, the custom more or less prevailing of the use of intoxicating liquor in your Court rooms. We assumed the entire responsibility of doing this, and it was done only with the sanction, approval and advice of our

worthy and great father the Archbishop of Boston. Today I would emphasize the contents of that circular, and would impress upon you the wisdom of a careful obedience to it. Let me say also that I would request the delegates here assembled to make an effort to have a Chaplain appointed over all Courts. If there be any difficulty in obtaining a Chaplain for any Court, a note to me, your State Chaplain, will remedy matters.

To these two recommendations I would give the general advice of the necessity on all occasions, and under all circumstances, of practicing the cardinal virtues on which depends the stability and continuance of our Order,—Unity, Fraternity, and last and greatest of all, True Christian Charity. Oh! dear friends, if there is anything in the world today that blights the heart of man and saddens the lives of those about us, it is uncharitableness. The cruel blow, the harsh word, the unkindly thought goes forth from one, and the queen of virtues, Charity, suffers. “By this,” says our Lord, “shall all men know you, if you have Charity one for another.” The first commandment He gave in the new Covenant is “Thou shalt love the Lord thy God, and thy neighbor as thyself.” This was the Charity of the heart, this was the Charity that prompted the deeds of benevolence and alms-giving, this was the Charity that prompted the kind words of commiseration and mercy, this was the Charity which prompted the grasping of the hand of the fallen to lift them up; this was the Charity that casts about its possessor the sheen of God’s protecting love and care; this was the Charity of which Our Lord said, “I was hungry, and you gave me to eat, was thirsty, and you gave me to drink, I was naked, and you clothed me.” Amen, I say to you, as long as you did it to the least among you, the poorest among you, you did it likewise to Him. And my dear delegates, had I the tongue of an angel, or could I take a spark from the burning furnace of the limitless love

of the eternal God, I would fire the hearts of our 20,000 members, that they might ever burn with the twin affection for love of God and their fellow man.

Fellow delegates, to the work at hand be earnest, be honest, be kind, and if you are, the work of this Convention will be a credit to the Catholic Church, of which you are all members, and it will send this noble Order with giant tread to the mecca of all that may be desired for Catholic Fraternity.

Fraternally yours,

(Rev.) JAMES H. O'NEIL,  
High Court Chaplain.

The High Chief Ranger then called for a report of the Committee on Credentials, and Brother James J. Lanigan, chairman of the Committee, reported as follows:—

The Convention is entitled to 404 delegates representing 186 Courts. The Committee find that there are 269 delegates present, representing 144 Courts. Brother Garrett H. Keefe of Mt. Pleasant Court moved that the report of the Committee be accepted as progressive, seconded by Brother Michael W. Kelley, of Mt. Pleasant Court. Carried.

Subsequent number of delegates reported was 382, representing 179 Courts of the Order.

## ADDRESS OF HIGH CHIEF RANGER,

TIMOTHY B. REARDON.

To the Representatives of the Massachusetts Catholic Order  
of Foresters in Convention Assembled.

Sister and Brother Delegates:—

It is my pleasure to greet you this morning in Annual Convention assembled, and to join with you in the consideration of the questions that may come before us for the promotion and welfare of the Order.

While it has been our privilege to meet many times in the past under favorable circumstances, at no time in the history of the Order, can it be said that we have ever met under more satisfactory auspices than at this, our Twenty-fifth Annual Convention.

## MEETINGS.

During the year your Committee have held forty-seven regular meetings, addressed the usual number of public meetings, and visited one hundred and sixty-one Courts of the Order, some of them more than once. As a whole, the public and private meetings have been well attended, and your Committee desire to return their sincere thanks for the hearty co-operation and courtesy received from the members of the Order in all sections of the State, and the assistance given by them had much to do with the excellent record made by the Order during the year 1903.

Public meetings have been held in many cities and towns during the past year, and I am pleased to state that good results have followed. I earnestly recommend that this line of work be continued, and that, from time to time, localities may

give due consideration to public meetings. It is one of the best methods now in force to present to the thousands out of our ranks who may need the protection our Order affords for their consideration. The same success should come to the Order in the future as it has in the past, and the co-operation must be mutual. The success cannot come entirely through the efforts of the High Standing Committee, no matter how earnest or active they may be in the discharge of their duties, on the contrary, they must have that same hearty co-operation in the future that they have had in the past, and with united ranks and the honest support of the members, all working honestly with the same object in view, it would seem not out of place for me to say to you as Delegates, to go back to your respective Courts when this Convention has passed into history, and urge your members, one and all, to continue in the good work that they are doing, so that our Order may continue to increase each year in the same proportion as it has in the past, and that the same degree of enthusiasm and success may prevail and make us all feel that our very best efforts are given to the work of the Massachusetts Catholic Order of Foresters.

### MEMBERSHIP.

The membership January 1st, 1904, was 19,633, a net gain of 1,844 during the year, or a fraction over ten per cent. The number of women was 6,027 and the number of men 13,606. The present membership of the Order is 20,121, or a net gain of 488 since January 1st, and a net increase since the Convention of last year of 1,671.

TWENTY-EIGHT HUNDRED and TWENTY-SIX (2,826) applications were received in 1903, and of that number TWENTY-THREE HUNDRED and FIFTY-FOUR (2,354) were approved and FOUR HUNDRED and SEVENTY-TWO (472) rejected. Since January 1st, 945 applications were received, and of that number 771 were approved.

The average age of the applicants admitted in 1903 was 31.4 years, which is of itself an important feature in the progress of the Order's history. Every effort should be made by you, the Representatives to the High Court, to encourage within the bounds of reason and prudence the admission of young women and men into our fold. It must be given more than passing notice, in fact, it should be given our most serious consideration.

### NEW COURTS.

The following Courts have been instituted since our last Convention:

De LaSalle 194, Lynn, Inst. May 3, 1903, with 37 charter members.

Mt. Auburn 195, Mt. Auburn, Inst. July 5, 1903, with 29 charter members.

St. Rita 196, Lynn, Inst. August 4, 1903, with 29 charter members.

Campello 197, Campello, Inst. October 18, 1903, with 57 charter members.

Dorchester 198, Dorchester, Inst. December 9, 1903, with 17 charter members.

Lowell 199, Lowell, Inst. December 13, 1903, with 15 charter members.

Fr. Fitton 200, Worcester, Inst. March 13, 1904, with 20 charter members.

Mt. Tom Court No. 189, of Holyoke, surrendered its charter, and the members were admitted to Shields Court, No. 63 on withdrawal cards.

### MORTUARY ACCOUNT.

The number of deaths in 1903 was 157, or one less than the year previous, and for this healthy condition of affairs, we have every reason to congratulate ourselves, and I hope that it may continue in about the same proportion for many years to come.

The number of Mortuary Calls last year was eight, yielding the sum of \$167,117.22, and with the interest amounted to \$167,844.39. The payments from the Mortuary Fund were \$160,866.66, leaving a balance to the credit of this fund of \$6,977.73, and this, added to the balance on hand at the beginning of the year, made the total balance in the Mortuary Fund of \$34,880.99 on January 1, 1904.

### EMERGENCY FUND.

In 1889 the Constitution was changed, providing an Emergency Fund, and the first assessment received amounted to ..... \$2,059.40

Interest ..... \$8.52

---

Total ..... \$2,067.92

The amount turned over by the Order to the Trustees last year ..... \$10,718.13

Earnings on the investments for the year ..... 4,309.17

---

Total for year ..... \$15,027.30

The total amount to the credit of the Emergency

Fund at the present time ..... \$119,500.69

From a small beginning this fund has grown steadily, and will continue to grow, I hope, so that the members may take a pardonable pride in its value to the Order.

### PER CAPITA TAX.

This Convention will be called upon to consider the question of an increase in the Per Capita Tax, and upon this question I have given a great deal of consideration and attention. I had hoped that we might be able to see our way clear to recommend that the Per Capita Tax remain the same as that of last year, but for a growing Organization and the natural competition for membership with competitors engaged

in the same line of work, we do not think that we can afford to let the interest lag in that direction. Our noble Order deserves to succeed, and by leaving the Per Capita as it was last year you cannot possibly take up new territory to work, and we submit as a business proposition that the Per Capita Tax be placed at \$1.00. The Organization has grown numerically, and its needs must be met just the same as any Corporation or business house would arrange their affairs if they wished to successfully compete with other business concerns.

To meet the demands of any growing business, additional facilities are required to meet it. It is so in our Organization, and, from time to time, must receive the attention of your High Standing Committee for the preservation of your records and documents at the headquarters. Every addition to the ranks means additional labor, and in the very near future additional help will be needed if we want our work performed promptly and satisfactorily. There is need at the present time of additional help in the office. The present clerks are conscientiously serving the Order, very often working overtime, for which they receive no additional compensation.

### SCHOLARSHIP.

It gives me a great deal of pleasure to announce to you that Rev. Neil P. Brennan, a member of Hamilton Court, No. 17, was ordained to the Priesthood in June, 1903, and celebrated his first Mass in St. Mary's Church, Charlestown, on Sunday, June 21st, and it will be our pleasure at some time during this session of the Convention, I hope, to listen to an address by the first member of the Order to be benefited by the adoption of the Massachusetts Catholic Order of Foresters' Scholarship Fund. Four candidates presented themselves for examination for the vacant Scholarship in August, 1903, and the successful competitor was Brother Patrick J. Waters of Middlesex Court, No. 60.

## DEGREE STAFFS.

During the past year several additional degree staffs were formed throughout the Order, and are composed of young women and men who are giving a great deal of their valuable time and energy in perfecting themselves in order that they may make a creditable presentation of their work. Members of staffs have given valuable time, and often at considerable inconvenience to themselves, in assisting at the initiation of candidates and installation of officers in the different courts of the Order, and by the enthusiasm manifested at the meetings, both private and public, it has been the means of creating a very favorable impression of the work of the Massachusetts Catholic Order of Foresters. I would recommend that all courts of the order consider the matter of a degree staff, and that they give it the same thought and attention in perfecting themselves so as to receive the same favorable commendation on their work as many of the present staffs have received who have given such excellent exhibitions in various sections of the State. To the staffs who by their zeal and enthusiasm in the performance of their duties as members of such staffs, and for their excellent work, I return my sincere thanks for myself and my associates on the High Standing Committee.

## TWENTY-FIFTH ANNIVERSARY.

At the last Annual Convention it was decided to celebrate the TWENTY-FIFTH ANNIVERSARY of the Order by a re-union, to be followed by a grand concert and ball afternoon and evening, in Mechanics Building, Huntington Avenue, Boston, the day following the next Annual Convention of the Order, the details of the celebration being left to the present High Standing Committee. Soon after the Convention of last year, inquiries were made regarding Mechanics Building, and it was found impossible to secure it at the time designated.

It was then deemed expedient to change the date of celebration until later in the year, and not cause the annual business meeting of the Corporation to suffer on account of the enthusiasm likely to prevail by the celebration of the Anniversary. The High Standing Committee recommend that the celebration of the TWENTY-FIFTH ANNIVERSARY take place in Mechanics Building as originally recommended and adopted, early in September; that it open with a High Mass at the Cathedral, with a sermon, and that the other exercises consist of a re-union in the afternoon with a musical program, a concert, and appropriate speaking in the evening, to be followed by a grand ball. The price of admission to the afternoon entertainment to be twenty-five cents to all, and in the evening the price of admission to be fifty cents for each person, refreshments to be served in the lower hall, upon the European plan. The Committee would recommend that a Souvenir be gotten up, but would request the Convention to re-consider its former action in regard to securing advertisements in connection with it so that the souvenir may pay for itself, rather than take it from the funds of the Order. It is believed that reasonable rates can be secured on the day of the Anniversary from all railroads leading to Boston, so as to make it an object for the members in all sections of the State to attend.

## SECOND DEGREE.

At the last Convention the Committee on Secret Work recommended the adoption of a "second degree," and it was agreed to, and the matter was referred to the incoming Executive Council, with full power to act. Your High Standing Committee decided that the Committee on Secret Work, of last year, should take up the matter, and they kindly assented to do so. After a great deal of thought and time given in its preparation, and several meetings of the Com-

mittee on Secret Work, I am pleased to say to you that the work is practically completed, and the "second degree" work cannot help but be useful in bringing the Order into prominence. In this direction it meets the demands for increased ritualistic work, and the careful consideration of the Convention to the report to be submitted later by this Committee is respectfully suggested.

The Committee on Secret Work richly deserves the thanks of this Convention for the many sacrifices made by them in the preparation of the "second degree."

At our last Convention, the matter of securing a site for a building was referred to the High Standing Committee, but an available site has not been secured, and I would respectfully suggest that it be referred to the incoming High Standing Committee for further consideration.

#### DEPUTY HIGH CHIEF RANGERS.

I wish to return my sincere thanks to the Deputy High Chief Rangers of the Order for the work performed by them during the past year and the many sacrifices and inconveniences to which they were put in the discharge of their duties, and the Order should be grateful to them for the services rendered.

In conclusion, I want to thank you, and through you the members of the Order, for their good will, kindness and courtesy accorded me at all times in the discharge of my duties as High Chief Ranger.

To the members of the High Standing Committee for their loyalty and devotion to the welfare of the Order, and for their advice and counsel in the discharge of our many duties, I return to them my sincere thanks.

If my administration may be considered a successful one during the past year, that success is due, in no small measure, to the efficient and painstaking work of the High Secretary-

Treasurer and the High Medical Examiner, and the Order is to be congratulated for having two such able, fearless and efficient officers, and it is my hope that the Order may, for many years to come, have the benefit and services of these Brothers, who are doing everything possible to increase its efficiency, so that it may be considered a model Organization.

With the success of the Order assured, let us be kind in speech and manner to one another in our deliberations today. I now declare this meeting open for business, and the dissemination of the principles of Fraternity, Unity and True Christian Charity.

Fraternally yours,

### RESOLUTIONS.

The Massachusetts Catholic Order of Foresters in Convention assembled, deploring the fact that, in the past, numberless children of Catholic parentage who, from one cause or another, had become wards of the State, have lost their religious birthright because of having been placed out in Protestant families and in institutions under Protestant control, respectfully desire to express their gratification at the knowledge that this evil is at last to be counteracted by the vigilance of the Massachusetts Society for the Protection of Catholic Children—a Society composed of Priests of the State under the approbation of the Archbishop and their respective Ordinaries—which Society, it is reported, has already effected good results along this line in the fourteen months of its existence, and, furthermore, while justly indignant at the past arbitrary actions of the State towards these children, the Order extends its good wishes to the clergymen united to safeguard the children's interests, and pledges moral support of the work.

To this end we shall exert ourselves to make known the purposes of the Massachusetts Society for the Protection of Catholic Children to the various Courts and all the members of the Order, and to secure, as far as possible, the names of desirable Catholic families who are willing to care for this class of children, and such names we shall send to the "Bureau" of the Society located in the "Carney Building," 43 Tremont Street, Boston.

We shall favor legislation which shall make it compulsory on the State that these Catholic children shall be brought up in their faith, and shall in nowise be hampered in the full practice of the same.

We desire to keep in touch with the workings of the Society, and, therefore, respectfully request that communications be sent us, from time to time, in such manner as the Society may direct.

Brother John F. Wagner of Holy Trinity Court, No. 51, moved that the resolutions be accepted and adopted as read. Seconded by Brothers Patrick F. Burke of St. Gregory Court, No. 24, and Stephen J. Fitzpatrick of Cheverus Court, No. 6. They were unanimously carried.

REPORT OF THE HIGH MEDICAL EXAMINER,  
FRANCIS J. McQUEENEY, M. D.

---

Boston, Mass., April 27, 1904.

Ladies and Gentlemen of the High Court:—

It is extremely gratifying to again be permitted the honor of presenting to this distinguished gathering of Representatives, assembled upon the quarter-centennial of our Order, a report of the conduct of your Medical Department.

With the excellent record this year of nearly 3,000 applications to our Society, the difficulties and duties of the responsible office of High Medical Examiner but appeal to me with greater force, and add to the anxieties entailed upon me by the position. To discharge these duties honestly, conscientiously and fearlessly, has been my sole ambition.

The list of your Medical Examiners, as heretofore, has been undisturbed, unless by reason of death, resignation, or for the good of the Order. Ninety-one physicians comprised your corps of Examiners last year, and notwithstanding various changes, a similar number exists at the present time.

Fully appreciating our great loss, I regret to report to you the deaths of two of our most painstaking and conscientious Examiners—Dr. Julius D. Werner, an honored member of Germania Court, and Dr. J. Cushing Gallison of Franklin.

Dr. Werner was an able and intellectual representative of that honorable German membership that we are proud of in our Society.

He was talented. He was absolutely honest, oftentimes to the injury of his personal interests and peace of mind. To afford every possible protection to the insurance work of our Organization was his constant endeavor.

Dr. Gallison, while not of our Faith or Society, was similar to him in many respects. His labors for our Order were of the highest professional character, markedly careful, and for our benefit to the end.

The vacancies due to these two deaths were filled by our old Examiners—Doctors Barnes, McLaughlin and Winn, and Dr. Ambrose J. Gallison.

The remaining vacancies, one due to the resignation of Dr. Brock, who had removed from Boston, was assigned to our regular Examiner in Charlestown, Dr. McDermott; the vacancy in Newburyport due to the resignation of Doctors Healy, was filled by the selection of Dr. Frederick Tigh, and the vacancy in Springfield, by the appointment of Dr. John M. Tracy of that city.

In the selection of Examiners for the newly organized Courts, the same excellent practice of distributing the appointments among our regular physicians was followed, the two Courts in West Lynn being assigned to Dr. Mannix, the one at Mt. Auburn to Dr. Kelly, the Dorchester Court to Dr. Harkins, and the one in Campello to Dr. McCarthy.

The appointment to the new Court (the first one of our Order in Lowell) was filled by the selection of Dr. Daniel A. O'Hearn of that city, and in Worcester we appointed Dr. Mary O'Callaghan as Special Examiner for Women.

Our reference to new appointments reminds us of the ill-timed interferences in the selection of our Medical Examiners. The moment a physician begins practice, and often before he has been employed by his sponsors, or an opportunity given us to gauge either his ability or fitness, he is hurried into our membership, and his friends clamor for a medical examiner-ship.

It is our invariable rule to favor our medical members, if they possess the qualifications we require, otherwise it is an absolute waste of time to urge their appointment.

We are solely responsible for this Department, and will neither be coerced or driven contrary to our best judgment on these purely medical questions, a position we believe, that every member with an atom of common sense cannot but endorse and appreciate.

During 1903 we were again fortunate in having had only 157 deaths, one less than the previous year—134 men and 23 women. Of these 157 losses, 59 of them were from acute causes of death, the remaining 98 having been due to Chronic Diseases.

Among the Acute Diseases, Pneumonia caused us the loss of one woman and seventeen men; Typhoid Fever, four deaths, all confined to males, and three more deaths, also of men, were due to Appendicitis; accidental deaths as usual, unfortunately causing us the loss of two women and twelve men, a total of fourteen, ranking second to Pneumonia, with its eighteen deaths.

Apoplexy occasioned the death of three women and eight men; Acute Disease of the Heart—one woman and two men; Diphtheria and Erysipelas—the loss each of one man, and the complications of Maternity, the loss of four mothers, making a total of 59 deaths, short in duration and probably unavoidable.

Of the 98 members whose deaths were caused by Chronic Diseases, as usual Consumption heads the list with a total of 28, four women and 24 men.

Diseases of the Heart came next, with 23 deaths—one woman and 22 men.

Cancer—the dread of every insurance society, and in fact, of every individual in our community, caused our Order the loss of three women and 13 men, a total of 16 deaths.

Diseases of the Kidneys rank fourth, with a loss of fifteen members, two women and 13 men.

Diseases of the Liver are next, with the loss of two women and four men.

The losses from Diseases of the Brain were confined to three men, and old age and some obscure stomach trouble occasioned the loss of one man from each disease.

Unclassified causes all confined to five men, make the total of 98 deaths due to diseases, chronic in character and marked by their long duration in time that preceded death.

Of the acute causes of deaths, Pneumonia, Accidents and Apoplexy alone numbered 43 members out of the entire loss of 59 men and women.

Among deaths due to Chronic Diseases, we have had our usual experience from Tuberculosis in an increase of two deaths over last year. It is our custom to include under the heading of Tuberculosis, all Lung Diseases, many times disguised under the designation of Bronchitis, Asthma, etc.

Diseases of the Heart have also increased from 21 last year to 23 during 1903, including one woman.

Cancer of various organs shows an increase of one over last year, and so does Bright's Disease.

Disease of the Liver did not increase above the six losses we sustained last year.

One great difficulty we have to contend with in our classification, is oftentimes due to the unsatisfactory causes of death given upon our certificates. Attending physicians will not make them clear, even when written to, asking for information.

## REJECTIONS.

Twenty-eight hundred and twenty-six candidates applied for membership in our Order during the year 1903, and out of the number 472 were rejected—214 women and 258 men, for the following reasons:

	Women	Men	Total
Age above limit .....	46	31	77
Diseases of the Heart .....	30	48	78
Poor personal condition .....	43	29	72
Diseases of the Lungs .....	28	37	65
Diseases of the Kidneys .....	22	20	42
Poor family history and personal condition ..	11	4	15
Under and over weight .....	12	3	15
Alcoholic habits .....	2	19	21
Postponed until thirty years of age .....	3	7	10
Diseases of the Liver .....	3	7	10
Refused to complete examination .....	7	8	15
Alcoholic habits and hazardous occupations .		8	8
Hernia .....	1	16	17
Refused to become vaccinated .....	1	3	4
Poor family history .....	1	4	5
Defects, hearing, eyesight, etc. ....	2	6	8
Rejected by Investigating Committee .....	2		2
Hazardous Occupations .....		8	8
	<hr/>	<hr/>	<hr/>
	214	258	472

The number of rejections at first sight appear quite large, but they are actually only three-tenths of one per cent. higher than last year, and they are identical with the number of rejections in 1901, namely—sixteen and seven-tenths per cent.

“Age above the limit” as usual, is the most frequent cause for the rejection of candidates, and I sincerely regret that women applicants have this year nearly doubled the number of rejections among ladies applying with a bad memory regarding their age, while the number of male rejections have decreased in this class of foolish people who seem determined to throw away two dollars in attempting to enter our Order.

While many of these persons often misstate their ages from eight to ten years, this year one of the worst cases of unequalled prevarication that we have ever had, was attempted by a former member who gave his age as 43 when he was actually 61 years old, a departure, as you see, from the truth, of eighteen years.

In calling your special attention to the increase of nearly one-third over this class the preceding years, in these "age above the limit" cases, we do not include a large number whose ages we are constantly correcting, often from two to five years, before permitting their initiation, but who are not over fifty years of age.

Permit us to also ask your aid in advising hazardous risks not to apply; why they show the perversity they do when a warning is plainly printed upon every application blank, is hard to understand.

We cannot offer a satisfactory method of preventing the attempts at perpetrating these frauds upon our Society, not only in ages, but also in habits, occupations and previous history of serious illness in candidates. It does seem to reasonable people, that between the two proposers of an applicant and the three members of the investigating committee, that a higher standard could be maintained in our application papers.

One of the most interesting features of this report is our custom of explaining in detail, all deaths occurring among members who have been two years and less in our Society.

Our Medical Examiners are aware of the investigation we conduct on these "Early Deaths," and of the requirement of a reasonable cause of such losses, devoid of any suggestion of carelessness in the examination of the applicants.

This year we are again fortunate in reporting only fifteen early deaths—four women and eleven men, two deaths less than last year, and as you will remember, 1902 was lower than 1901 from deaths in this particular class.

These facts are very flattering in an Organization like ours, increasing in its membership each year, and they assuredly reflect credit upon your Medical Department.

Of this total of fifteen deaths, thirteen members died from causes either accidental, sudden, or from disease acute in character and short in duration, only two dying from Chronic Diseases, and unfortunately they were owing to Cancer.

Three deaths were from that unavoidable and pathetic cause—Motherhood, being due to the unexpected complications that are constantly arising from, and surrounding the dangers of this condition.

One woman, marrying shortly after initiation into our Order, died nine hours after admission to the Lying-In-Hospital; another from Blood Poisoning following a difficult case, and the third was caused by an unusual and very dangerous operation.

Cases of this character have always been the principal reason urged by the opponents of extending insurance among women, but in our Society, comprising so large a number of mothers in its membership, we are fortunate in a low death rate from this cause.

One loss was due to Chronic Disease, undoubtedly existing at the time of the initiation of the candidate. That the member was suffering from the disease that caused death was positively known to a member of our Order, but the moral courage that we beg our members to display, was, in this case, as in many others, not exhibited.

Fifty-eight days after admission to our Society, an operation requiring the entire removal of an organ was performed at the Hospital, merely postponing the usual fatal result. The physician recommending this risk is no longer an Examiner for our Organization.

Four losses were due to accidents, one caused by being killed instantly by lightning, two others to falls from buildings, death ensuing in a few hours, and the last one to Gas Poisoning. This latter case was a very unfortunate one, our

member sacrificing his life in an effort to save that of another, his body being found alongside that of his employer, both suffocated from illuminating gas.

Pneumonia, sudden in onset, and so frequently fatal to life, caused the loss of three members, two of whom were only six or seven months in the Order.

Appendicitis, an equally dangerous disease, was the cause of another death, Hemorrhage of the Brain caused the loss of two young men, one death complicating Heat Prostration.

The remaining and last death of the fifteen was due to Cancer.

Our Medical Examiner, who was also the family physician of the candidate, assured us of the utter absence of disease in the applicant, during a period of fifteen years' attendance upon the family.

Between four and five months after initiation, and probably aggravated by a change from out-of-door to an indoor occupation, the member began complaining of symptoms that were obscure nearly up to the time of his decease, as reported to us by the last attending physician. From the report of our Medical Examiner, requested as customary in these cases, I quote his letter: "When examined, there was no evidence of the trouble that manifested itself for the first time four or five months later. These cases are very humiliating to an Examiner, but I do not see how they can be detected and avoided."

One feature of this gruesome report of early deaths is the absence of a case of Consumption, but knowing as we do the unexpected occurrences of death from this disease, we hesitate to congratulate you upon its absence.

While discussing this matter of early deaths, permit me to call your attention to the magnificent moral courage of your High Standing Committee, in meeting a disagreeable happening due to one of these deaths. Regardless of all other factors in our Order, I trust that your High Standing Commit-

tee may always comprise men of equal stamina in protecting this Organization by its support of your Medical Department. Upon them in a great measure, depends the existence of your Organization.

The relations of your Medical Department, with a few exceptions, have been of the most pleasant character during the year; in the opinion of one of the highest experts in insurance work in our State, our Society is credited with being one of the finest managed among the many companies in our Commonwealth.

Your physicians rank high in their respective communities; they are not disturbed in their positions, and their interest and the excellence of their work is the only recommendation for their continuance as Medical Examiners of our Order.

They are all well aware that neither social, political or society influence or relationship to any official of our Order, would prove of any service to them in the event of neglect of duty.

Upon you, ladies and gentlemen of this Convention, selected from your various communities and Courts because you possess the admirable qualities of honor, of decency, and of integrity, must the continued maintenance of our Society depend.

Petty matters often distorted for selfish purposes, can surely have no support from the intelligence manifested in this great gathering—we all should have but one object in common, the greater glory and increase in the usefulness of our Society, that every eligible Catholic man and woman in this Old Bay State may be enrolled with us in Unity, Fraternity and True Christian Charity, as members of the Massachusetts Catholic Order of Foresters.

Fraternally yours,

FRANCIS J. McQUEENEY, M. D.,

High Medical Examiner.

Part of the expenses, as stated above, includes the cost of foreclosure and the taxes for the two preceding years.

The assessed valuation of the mortgaged property on May 1, 1903, was \$189,675.00, and the insurance on the buildings amount to \$127,800.00.

Lally of Carroll Court, No. 57, thought it should be decided now and not postponed.

Rev. Neil P. Brennan of the Immaculate Conception Church, Malden, who was the first priest ordained under the Massachusetts Catholic Order of Foresters Scholarship, was then introduced through the High Court Chaplain, Fr. O'Neil, and made a brilliant address on the work of the Massachusetts Catholic Order of Foresters, for which he was generously applauded.

## ELECTION OF OFFICERS.

The High Chief Ranger stated that the next business in order would be the election of officers.

Bro. James P. Cleary, of St. Francis Court, No. 4, withdrew his name as a candidate for High Inside Sentinel, in the following statement: "I find that I am the only opposing candidate for a position on the High Standing Committee to any of the present Committee, and I withdraw my name from the ballot."

Bro. James D. Grant of St. John Court, No. 23, moved that as there was no opposition to any member of the High Standing Committee, that the High Secretary-Treasurer be instructed to cast one ballot as the ballot of the Convention, for the nominees as presented to constitute the High Standing Committee for the ensuing year.

Bro. James E. Kelley of Griffin Court, No. 66, objected to the motion and by the objection, the High Chief Ranger ordered that we proceed to elect according to the Australian Ballot system. The roll was called and 364 delegates responded and voted.

While waiting for the Committee on election of officers to report, the Committee on Secret Work, through Brother James Dignam of John Boyle O'Reilly Court, No. 79, submitted the following report:

---

#### REPORT OF COMMITTEE ON SECRET WORK.

To the Members of the Twenty-fifth Convention of the Massachusetts Catholic Order of Foresters:—

Following is the Report of the Committee on Secret Work:

In its report to the Convention a year ago the Committee on Secret Work recommended a few changes in the ritual and the institution of a "Second Degree."

The report of the Committee was accepted, and recommendations referred to the High Standing Committee, with power.

During the past year the High Standing Committee have had printed and sent to the different Courts new rituals with the changes recommended by the Secret Work Committee embodied therein, and by this time you are all familiar with them.

The changes were not many, the ceremony is practically the same as before, although words and sentences have been changed, added or subtracted here and there, as you have perhaps noticed.

Quite a number of explanatory notes, which give minute instructions on how to carry out the parts, and also diagrams and illustrations, have been added.

The salutation and recognition signs have been changed, and another word added, similar to the password, and sent out by the High Chief Ranger to the Courts at the same time, but differing from our regular password, inasmuch as it is interchangeable among the members as a recognition word.

The Past Chief Ranger's work in the initiatory ceremony has been added to, and in the installation of officers a little part is added whereby the Deputy High Chief Ranger is properly introduced; there is also a short part installing the Chief Ranger, which heretofore had been omitted from the ritual.

But none of the changes made, however, are in the least radical, the committee striving, rather, to make it a more finished book.

The High Standing Committee, acting further on the recommendations of the Committee to the last Convention, referred the subject of the "Second Degree" to the Committee on Secret Work.

This Committee has given their attention to the subject, and have succeeded in composing and arranging a second part, supplementary to our present ritual or first part, and to be

called the "Second Degree," and which is intended to be given to candidates on a separate occasion.

This ceremony, the committee believe, can be carried out both entertainingly and instructively, and serve as a very good reason to bring the members together more frequently, and create a greater interest among them.

I will read for you the preamble of this second part, which is self-explanatory:—

#### PREAMBLE.

The "Second Degree" should be made as interesting as possible, for its primary object is to bring all the members together more frequently in fraternal meetings. It should always be borne in mind, however, that nothing is to conflict with the teaching of our Holy Church, or anything injurious to the candidate should be introduced, but rather let a lesson in the grand principles of our noble Order be taught.

The ceremony should take place at least once or twice a year in each district, and it is suggested that all new members be urged to take advantage of the first opportunity to receive it, but are expected to become affiliated within one year after joining the Order.

It is best for a number of Courts in a city or in towns close together to join in working this degree, but it is optional with Courts to join with others.

A committee consisting of the Chief Rangers or a representative of each Court taking part should previously meet together and make all necessary arrangements for carrying out the ceremony, such as choosing a presiding officer to open the union meeting for working the "Second Degree," securing a suitable hall, naming a convenient date of meeting, notifying the members of the Courts taking part, and other details of like nature.

This arranging committee should also secure a competent degree staff, in order that the ceremony be carried out in a proper manner.

The expenses of the union or district for performing the "Second Degree" should be apportioned among the Courts taking part, pro rata, according to membership of each Court.

The meeting called for working this degree should be opened in regular form by the Chief Ranger previously chosen by the co-operating committee of arrangements.

The Committee on Secret Work could neither do justice to themselves nor the ceremony as arranged unless it be properly presented, and, therefore, the committee suggest the first exemplification of the ceremony before the meeting of the deputies.

All of which is respectfully submitted,

JAMES DIGNAM,  
STEPHEN J. O'BRIEN,  
MRS. MARY A. CARNEY,  
MISS CATHERINE T. LEONARD,  
JAMES H. DIXON,  
MATTHEW CUMMINGS,  
WILLIAM T. SHEA,

Committee on Secret Work.

On motion of Brother James D. Grant of St. John Court, No. 23, seconded by Brother Paul J. McMahon of Iona Court, No. 10, it was voted that the report of the Committee be accepted and adopted, and that the High Standing Committee be instructed to prepare the "Second Degree" work as soon as possible.

The following resolution being presented was read by the High Secretary-Treasurer.

Whereas, We the representatives to the 25th Annual Convention of the Massachusetts Catholic Order of Foresters, having within our Order a large membership of men and women who are affiliated with Organizations whose purpose is the welfare and protection of the legitimate interests of labor, and

Whereas, We are deeply interested in maintaining friendly relations between capital and labor,

Therefore, Be it resolved,

That all printed matter issued by the High Standing Committee in the future shall bear the Union Label.

Respectfully submitted,

First Recommendation:—That a Per Capita assessment of one dollar be levied for 1904.

Motion made by Brother James B. Carbrey of Emerald Court, No. 53, that the Per Capita for 1904 be seventy-five cents, seconded by Brother James J. Murphy of Essex Court, No. 16. Brother Dennis Kelliher of Iona Court, No. 10, moved as an amendment that the Per Capita tax for 1904 be fifty cents, seconded by Brother John Finn of Canton Court, No. 67 and Brother Owen J. Phin of St. Alphonsus Court, No. 21.

Brother D. D. Driscoll of Americus Court, No. 34, moved that Recommendation No. 1 of the Finance Committee be laid on the table until the report of the Committee on the High Chief Ranger's address was submitted, seconded by Brother T. F. Linehan of St. Thomas Court, No. 29. Carried.

The Committee on Elections, through Captain Fennessey, reported the result of the ballot for the third member of the Finance Committee as follows:—Whole number of votes cast, 252; necessary for a choice, 127. Sister Margaret A. Burns of St. Clare Court, No. 106 receiving 57 votes, Brother Owen F. Burns of Worcester Court, No. 59, 98 votes, and

Brother Thomas F. Kelley of St. Jerome Court, No. 113, 92 votes, scattering, 5. There being no election, another ballot was ordered.

Brother William A. Kelley of George Washington Court, No. 85, reported for the Committee on the High Chief Ranger's address as follows:—

We recommend that the High Chief Ranger's address be accepted and ordered printed for distribution among the members of the Order, and that the recommendations therein contained be severally adopted. Signed by the Committee.

On motion of Brother Dennis D. Driscoll of Americus Court, No. 34, seconded by Brother T. J. Mahoney of Iona Court, No. 10, it was voted to take up the recommendations of the High Chief Ranger separately. Carried.

On motion of Brother Stephen J. Fitzpatrick of Cheverus Court, No. 6, it was voted to take up that part of the High Chief Ranger's address referring to the Twenty-fifth Anniversary. The recommendation of the High Chief Ranger relative to the Anniversary, was then read by him. Brother M. W. Kelley of Mt. Pleasant Court, No. 20, moved that the report be accepted, and adopted as read, seconded by Brother Thomas J. Dunn of Mt. Pleasant Court, No. 20, discussed by Brothers Driscoll, Fennessey, Herlihy, Carbrey and Grant. Brother J. J. Motion relative to accepting and adopting the report was carried.

Brother Patrick F. Burke of St. Gregory Court, No. 24, moved that the details of celebration and all further recommendations in the High Chief Ranger's address be referred to the incoming High Standing Committee, with full power to carry them out. Carried.

Brother Fennessey then reported for the Committee on elections—

Whole number of ballots cast for the third member of the Finance Committee, 257; necessary for a choice, 129. Sister Margaret Burns of St. Clare Court receiving 48 votes; Brother Thomas F. Kelley of St. Jerome Court, No. 113, 111 votes, and Brother Owen F. Burns of Worcester Court, No. 59, 97 votes, scattering, 1, there being no choice. At this point the question came up with reference to the form of ballot to be used, the number of printed ballots for the Australian system being exhausted.

Brother John D. Kelley of Cathedral Court, No. 1, asked if a printed ballot would be permitted, and the High Chief Ranger stated that there could be no objection. Brother Kelley appealed from the decision, but on vote the Chair was sustained.

Brother John T. Callan of Leo Court, No. 5, moved that printed ballots be accepted. Carried.

Brother John Brant of Leo Court, No. 5, moved that the Brother or Sister receiving the largest number of votes be declared elected, but the motion was ruled out of order by the Chair.

Brother John J. Crockwell of Mystic Court, No. 77, asked if the Constitution could not be suspended, and that the Chair have the Corporation Counsel give an opinion on the matter. The Corporation Counsel, Brother Joseph A. Sheehan of Cathedral Court, No. 1, stated that that Convention had no authority to suspend any part of the Constitution. Another ballot was then ordered.

On motion of Brother James B. Carbrey of Emerald Court, No. 53, it was voted to take from the table the consideration of the first recommendation of the Finance Committee's report. Brothers Brant, Lawler, Cronin and Thomas F. Kelley were in favor of the recommendation, and Brothers Grant and Finn of Canton were opposed to it. The Amendment that the Per Capita Tax for 1904 be fifty cents was put, and the motion

lost. The original motion that the Per Capita Tax be seventy-five cents was put and carried. A doubt was raised, and on count 110 were in favor and 68 against.

The other recommendations of the Finance Committee were adopted on motion of Brother Neville of St. Columbkille Court, No. 65, Brother Edward A. Dever of Mt. Pleasant Court, No. 20, and Brother James A. Desmond of Columbia Court, No. 95.
